

Towards

Inherently incompatible?

Migration	Coherence
Multi-faceted	Focus
Different Perspectives	Unity of Vision
Rapid, Unpredictable Change	Predictability

Multi-faceted Nature of Migration

Migration and Coherence

Desirable?

Feasible?

Migration and Coherence

Proper context

Maximizes gains

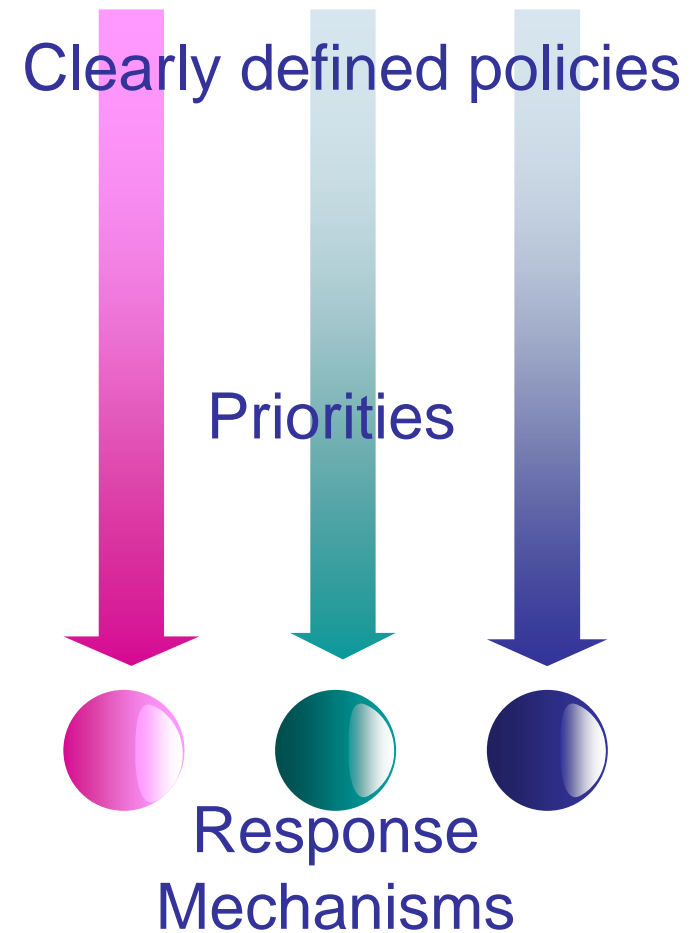

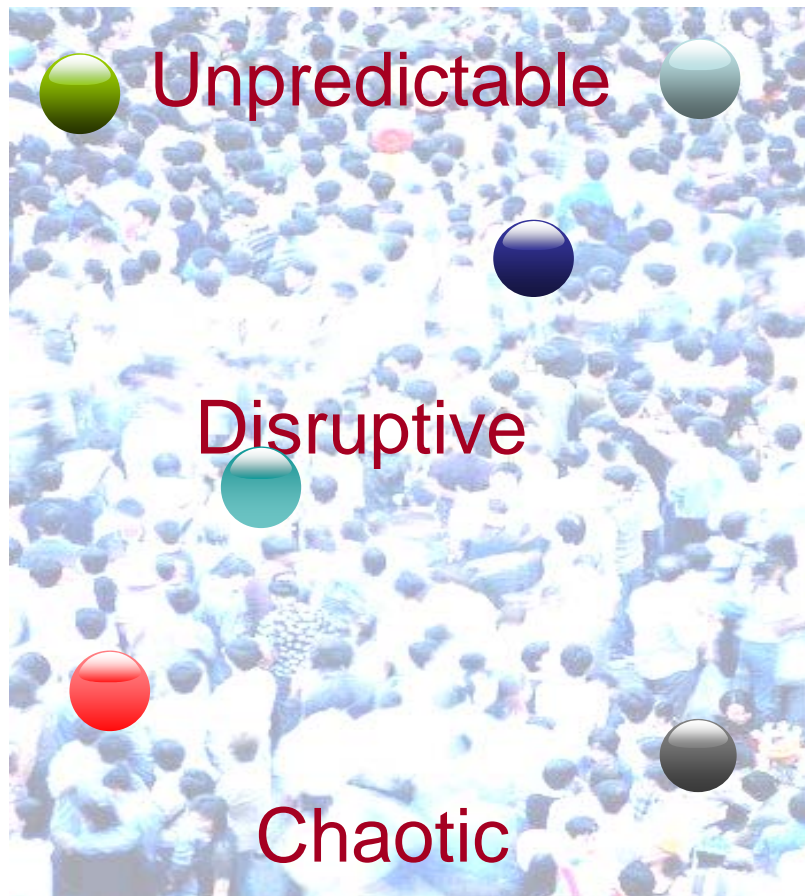

Minimizes costs

Economic, social, human & administrative

Migration and Coherence

Do we respond in kind?

Coherence: current gaps

National Level Division of responsibility

Coherence: current gaps

International Level

Different government perspectives

No international framework governing cross-border movements of people

In itself would not necessarily ensure policy coherence

Coherence: current gaps

Stakeholder Level

NGOs

Migrants'
Associations

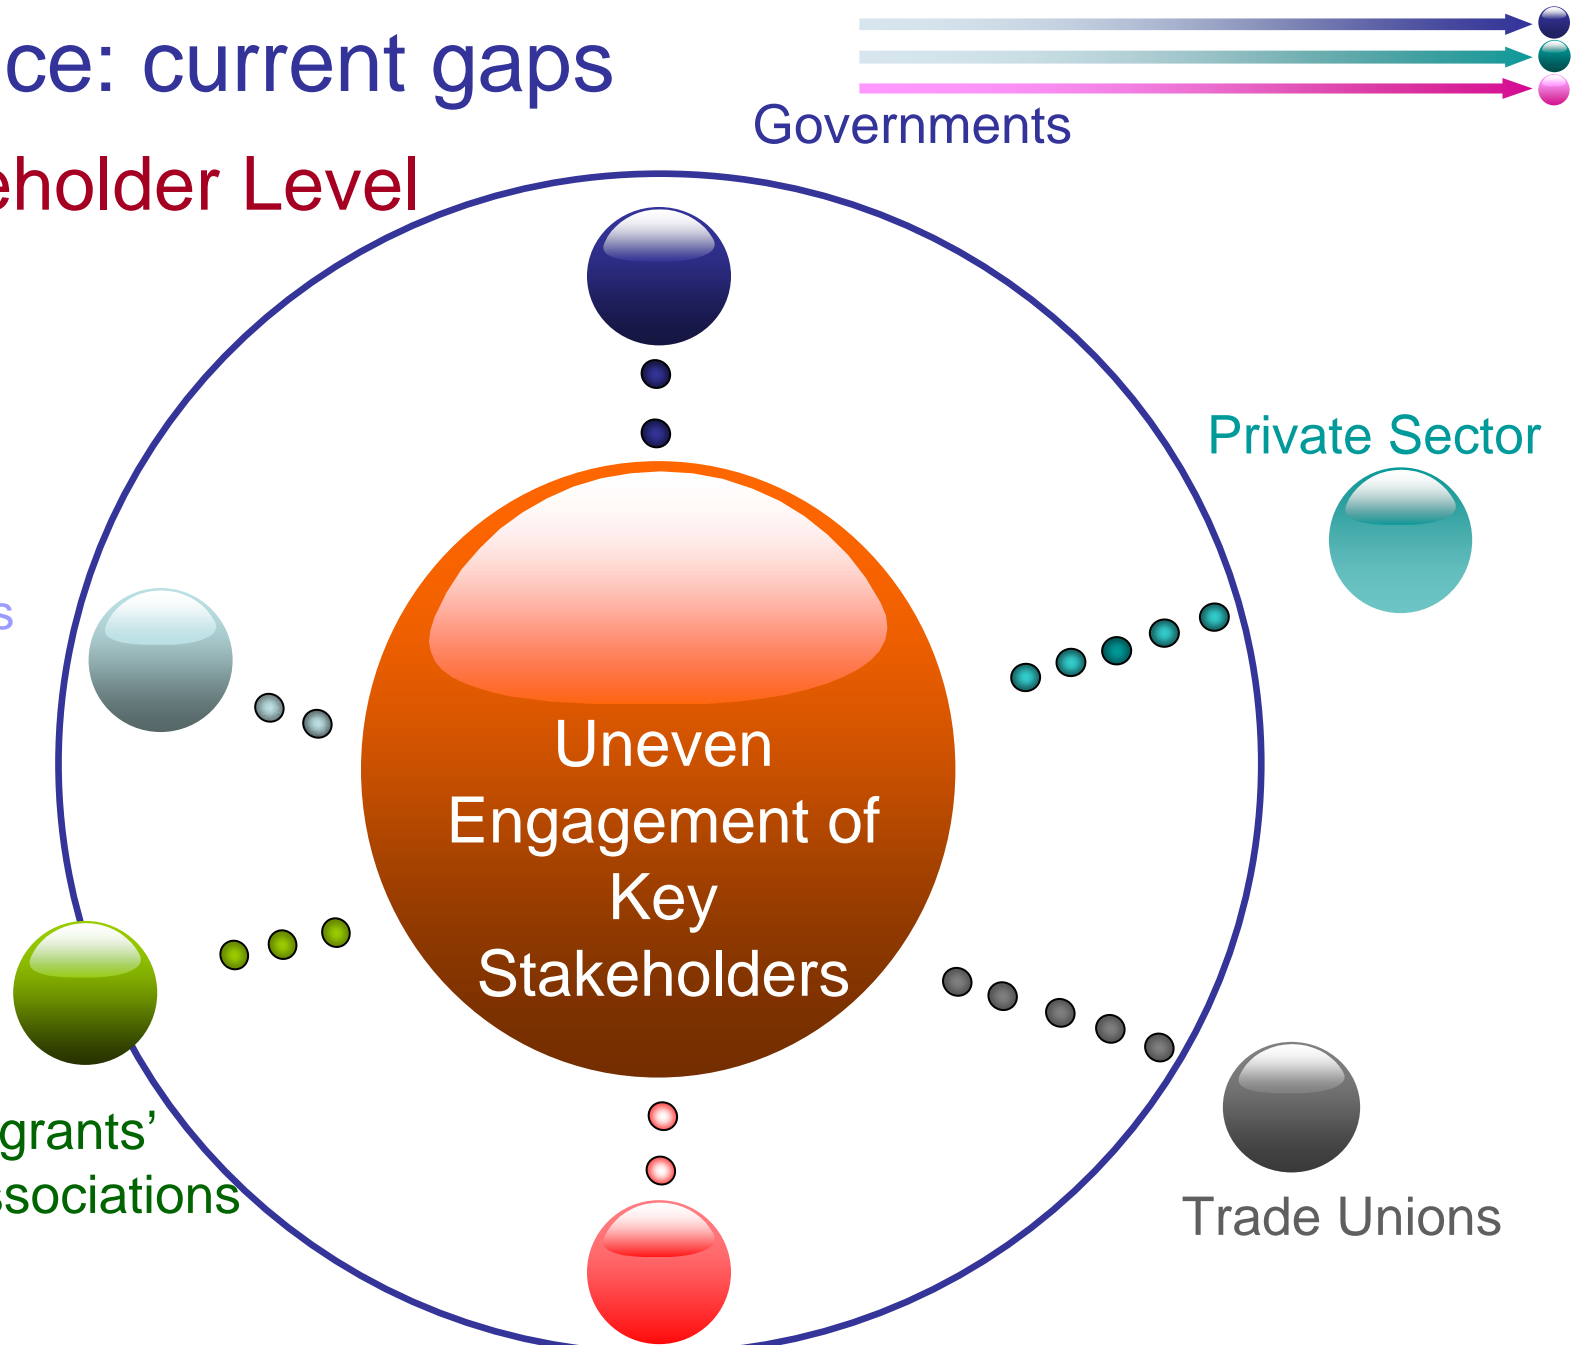

International Organizations

Governments

Private Sector

Trade Unions

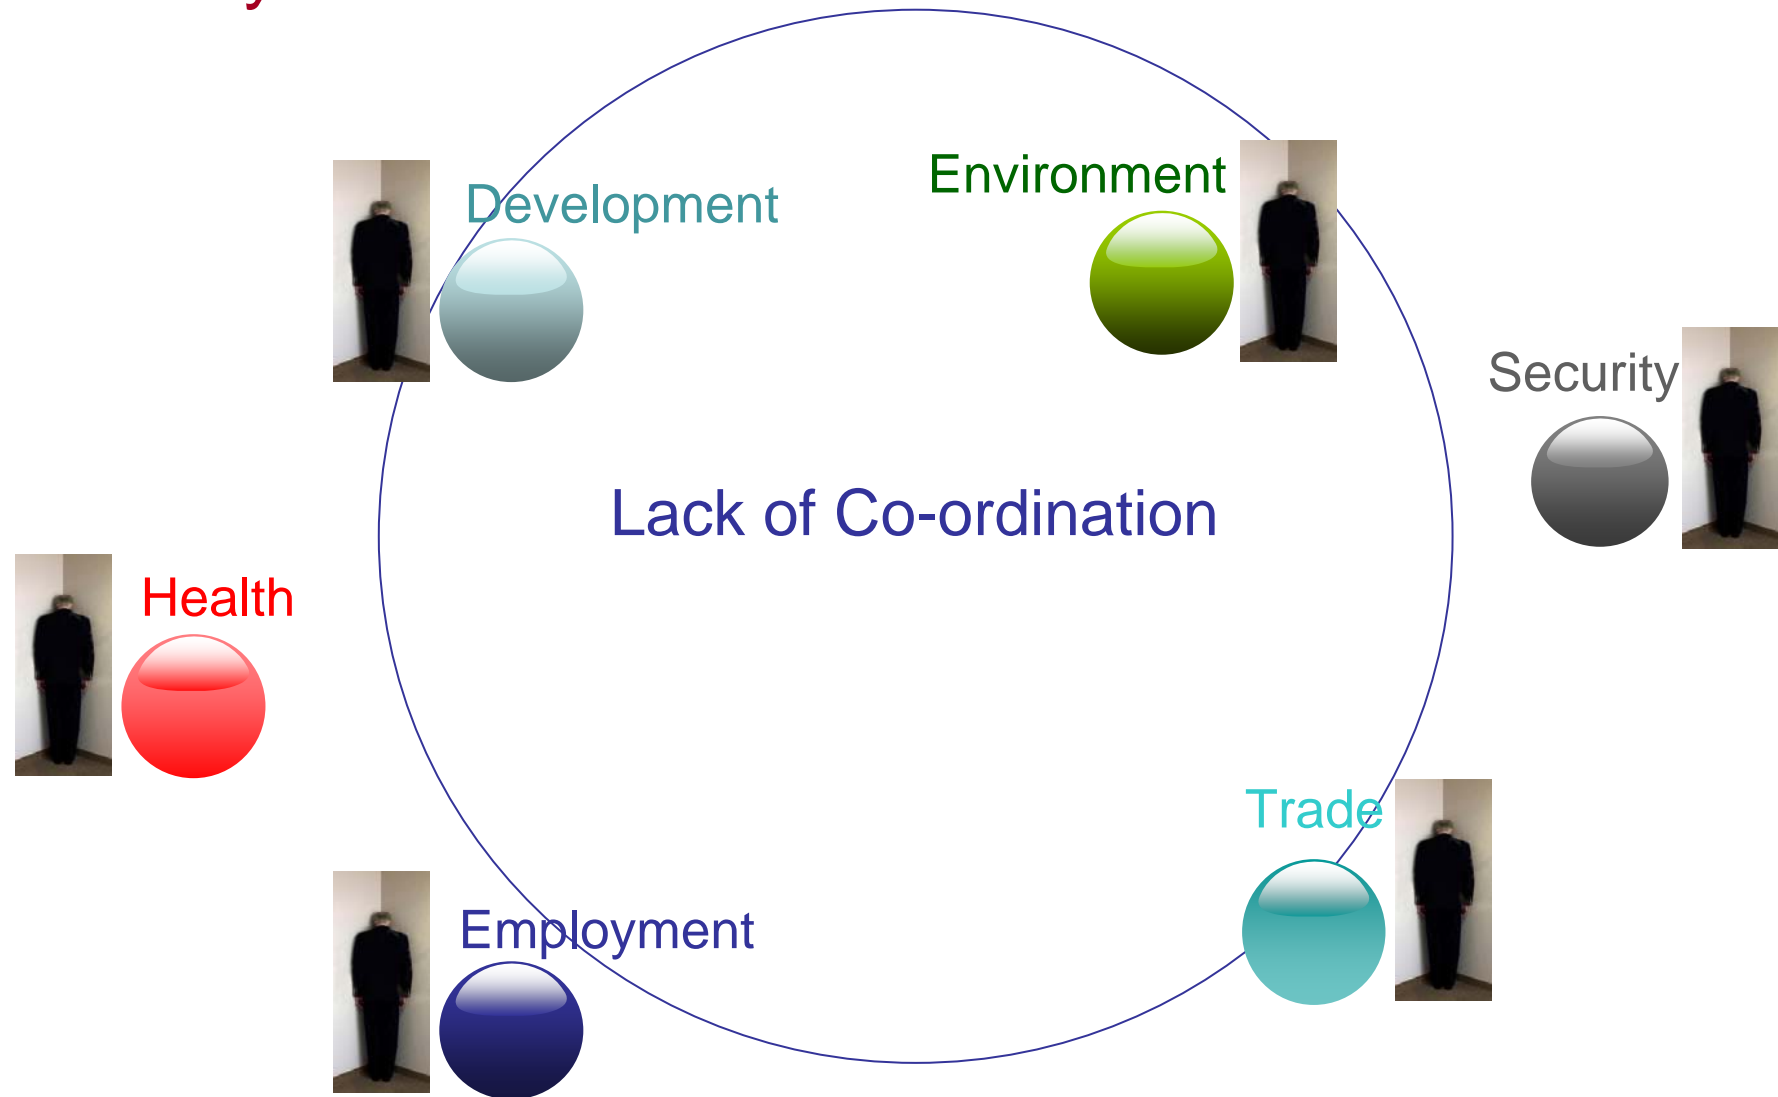

Uneven
Engagement of
Key
Stakeholders

Coherence: current gaps

Key Policy Areas

Migration & Development

Key Policy Areas

Migration & Trade

Trade Negotiators & Migration Policy Makers

Better understanding of terminology, priorities and viewpoints

High Stakes

Annual global welfare gains of around USD 360 billion

Key Policy Areas

Migration & Security

Security:

At forefront of discussion on international migration

Combating Terrorism

Irregular Migration

Smuggling and Trafficking

Key Policy Areas

Migration & Security

Key challenge

Key Policy Areas

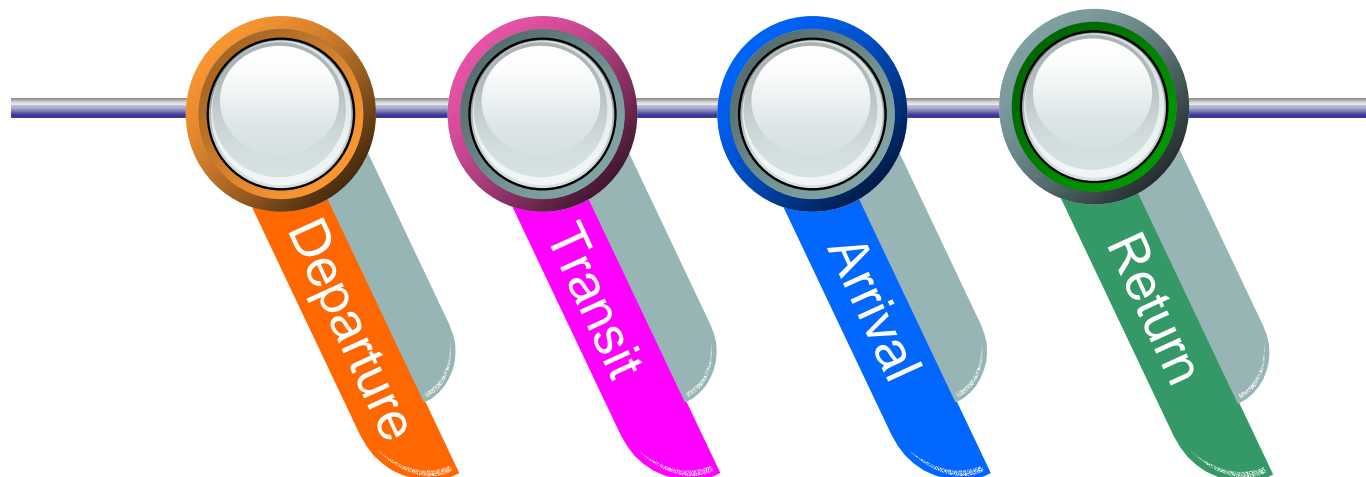

Migration & Health

Health of mobile populations Major public concern
TB, HIV, SARS, Avian Flu

Mobility of Health Workers

Bridging phases of migrants' journey

Key Policy Areas

Migration & the Environment

Longer-term Factors: Less Attention

Climate Change

Desertification

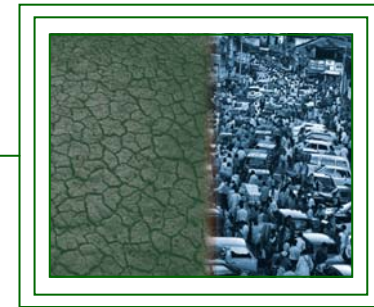

Greenhouse Effect

River Erosion

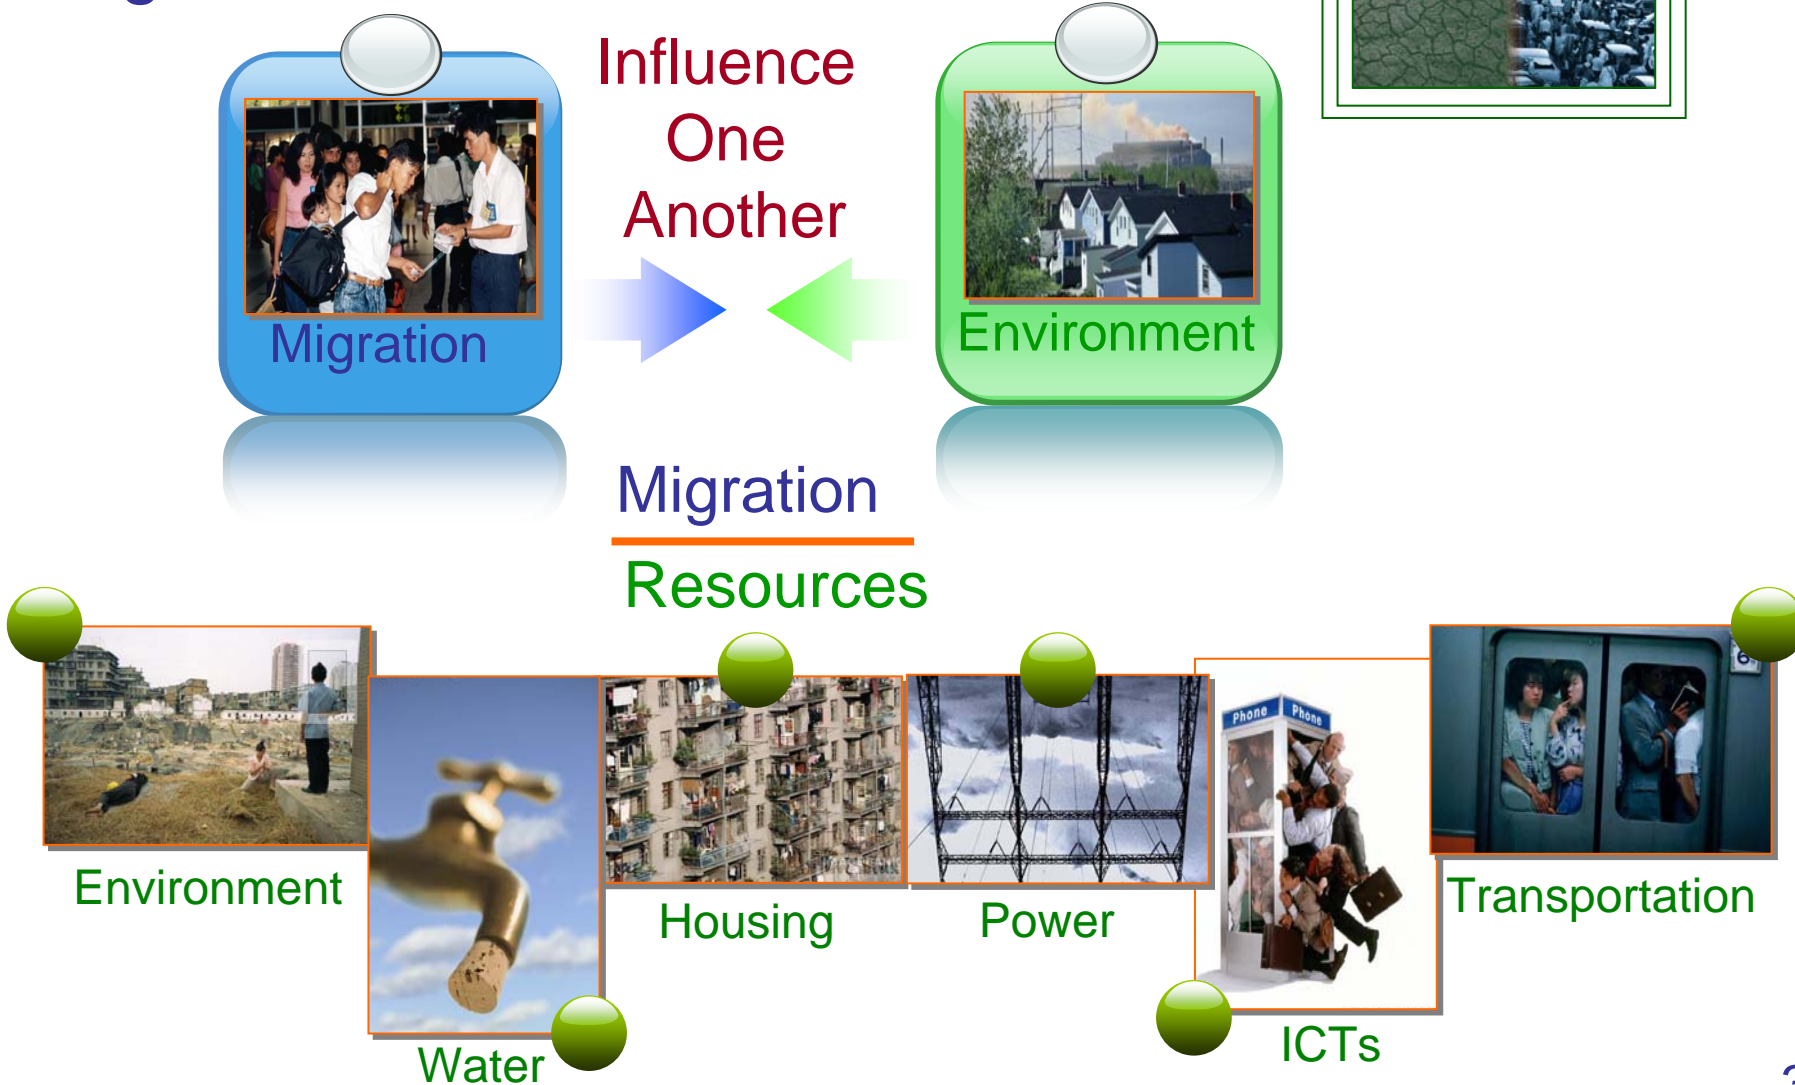

Deforestation

Responses to Major Disasters

Key Policy Areas

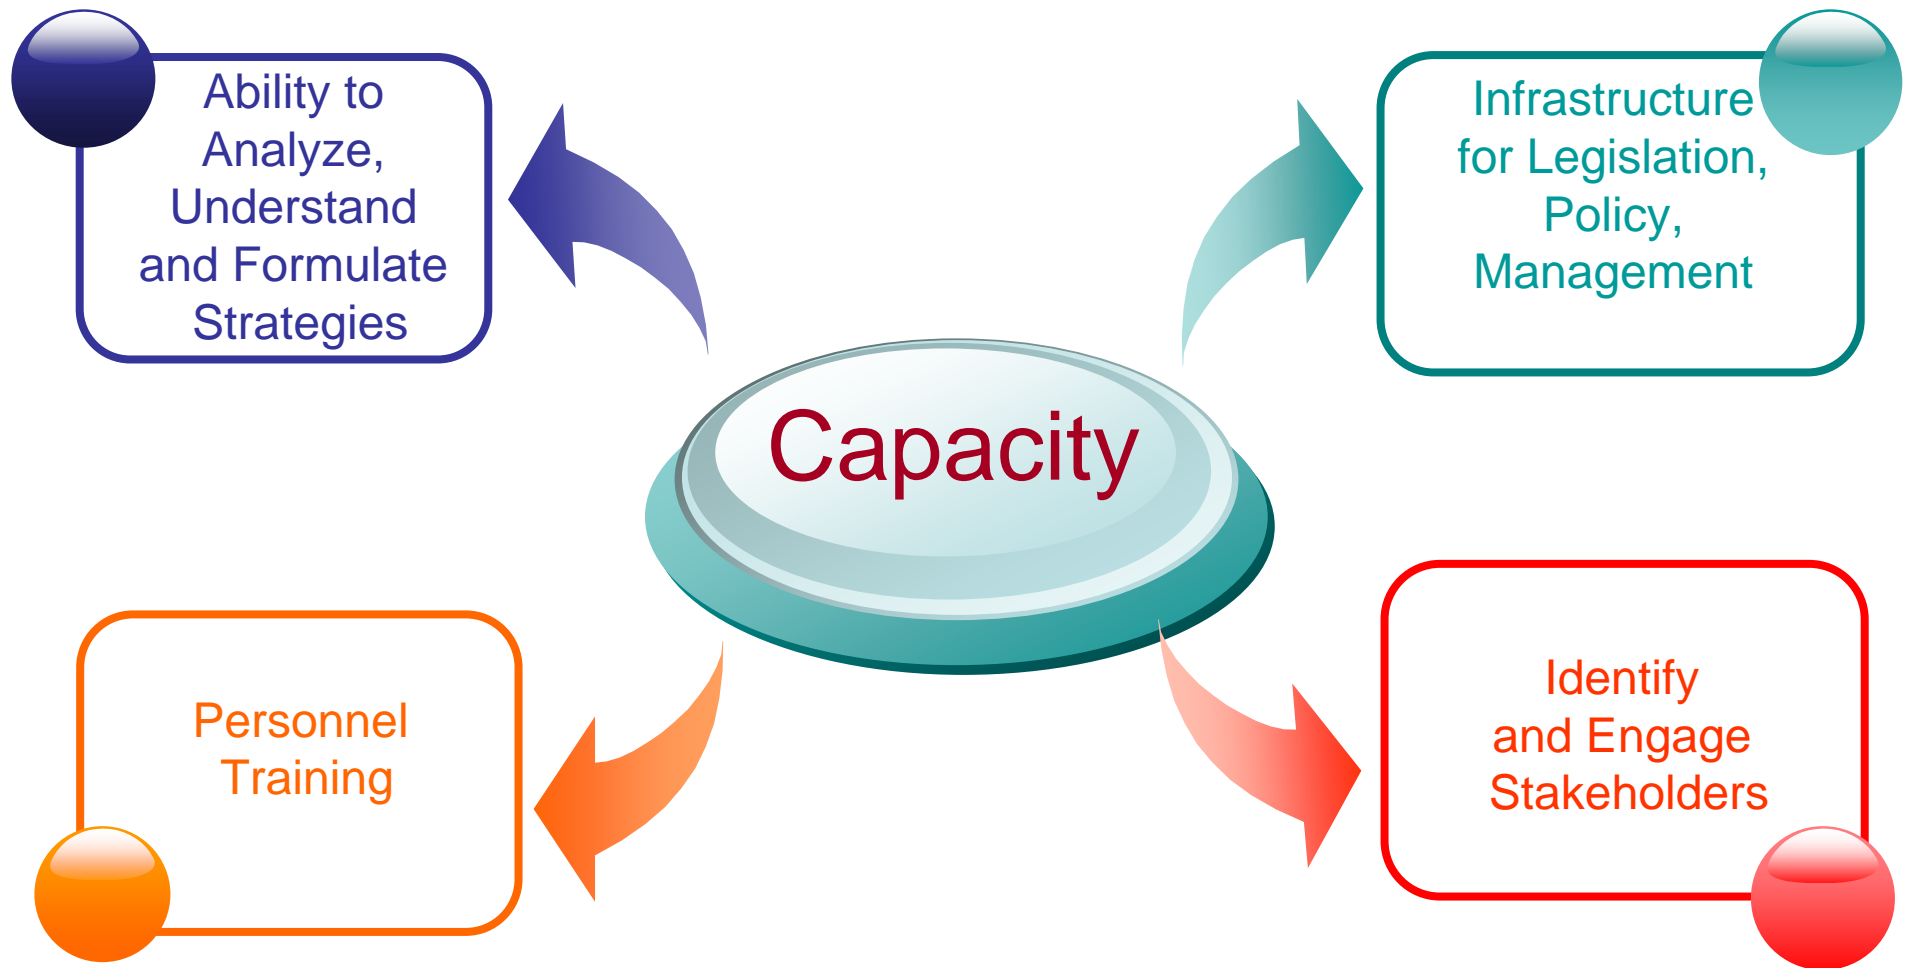

Migration & the Environment

Coherence: Possible Solutions

Vital to policy coherence

Conclusion

Temptation:

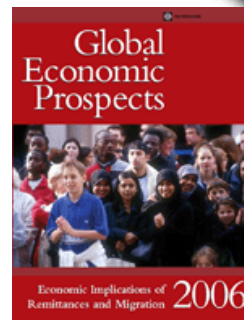

deal with specifics, politically sensitive issues
less attention to a comprehensive policy

International attention is focused on migration

Global Commission on International Migration (GCIM)

World Bank's Global Economic Prospects

High-Level Dialogue on International Migration and Development

Conclusion

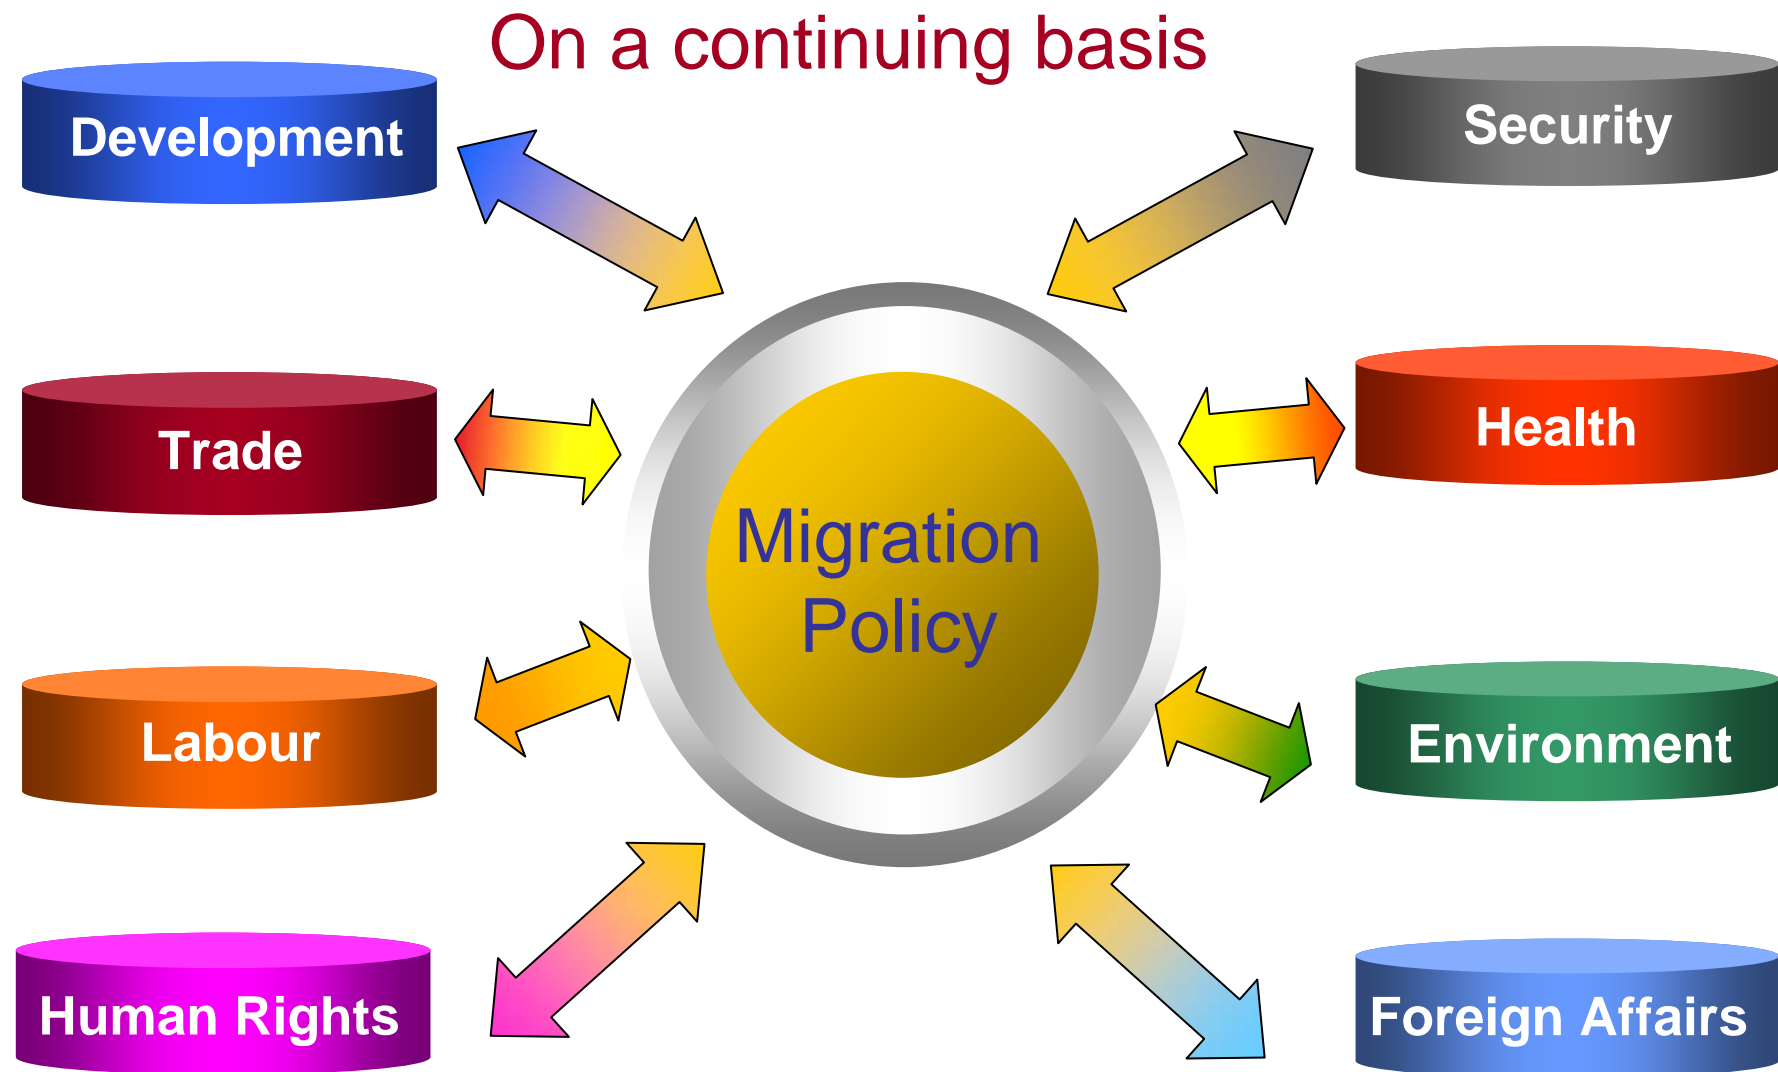

Temptation: deal with specifics, politically sensitive issues
less attention to a comprehensive policy

International attention is focused on migration

Conclusion

Interact with related policy domains

Conclusion

Without Policy Coherence

Migration's promise cannot be fully realized
