<b>41. Clarification of bids</b>	IOM may request clarification or further information in writing from the bidders at any time during the evaluation process. The bidders' responses shall not contain any changes regarding

	<p>the substance or price of the bid, except to confirm the correction of arithmetic errors discovered by IOM in the evaluation of the bids, in accordance with Instructions to Bidders Article 25 (Errors or omissions).</p> <p>IOM may use such information in interpreting and evaluating the relevant bid but is under no obligation to take it into account.</p>
<p><b>42. Responsiveness of bid</b></p>	<p>IOM's determination of a bid's responsiveness is to be based on the contents of the bid itself. A substantially responsive bid is one that conforms to all the terms, conditions, and specifications of the bidding documents without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that:</p> <ul style="list-style-type: none"> <li>a) affects in any substantial way the scope, quality, or performance of the goods, services and/or works specified in the contract; or</li> <li>b) limits in any substantial way, inconsistent with the bidding documents, IOM's rights or the bidder's obligations under the contract; or</li> <li>c) if rectified would unfairly affect the competitive position of other bidders presenting substantially responsive bids.</li> </ul> <p>If a bid is not substantially responsive, it shall be rejected by IOM and may not subsequently be made responsive by the bidder by correction of the material deviation, reservation, or omission.</p>
<p><b>43. Nonconformities, reparable errors and omission</b></p>	<p>Provided that a bid is substantially responsive, IOM may waive any non-conformities or omissions in the bid that, in the opinion of IOM, do not constitute a material deviation. These are a matter of form and not of substance and can be corrected or waived without being prejudicial to other bidders.</p> <p>Provided that a bid is substantially responsive IOM may request the bidder to submit the necessary information or documentation, within a reasonable period, to rectify nonmaterial nonconformities or omissions in the bid related to documentation requirements. Such omission shall not be related to any aspect of the price of the bid. Failure of the bidder to comply with the request may result in the rejection of its bid.</p> <p>For bids that have passed the preliminary examination, IOM shall check and correct arithmetical errors as follows:</p> <ul style="list-style-type: none"> <li>a) if there is a discrepancy between the unit price and the line-item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of IOM there is an obvious misplacement of the decimal point in the unit price; in which case, the line-item total as quoted shall govern and the unit price shall be corrected;</li> <li>b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail, and the total shall be corrected; and</li> <li>c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail.</li> </ul> <p>If the bidder that submitted the lowest evaluated bid does not accept the correction of errors, its bid shall be rejected, and its bid security may be forfeited.</p>
<p><b>44. Right to accept any bid and to reject any or all bids</b></p>	<p>IOM reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to contract award, without thereby incurring any liability to the affected bidder or bidders or any obligation to inform the affected bidder or bidders of the grounds for IOM's action. IOM shall not be obliged to award the contract to the lowest priced offer.</p>

<b>45. Samples</b>	<p>Where required as per Section 5: Schedule of Requirements, free, non-returnable samples shall be provided by the bid submission deadline for evaluation and testing by IOM or their representative, of the item and/or the packing and packaging, prior to any award. Samples will be subject to technical review and laboratory analysis where appropriate. Samples provided to IOM are non-returnable unless otherwise stated. Samples should be marked with the ITB number.</p> <p>If a bidder fails to provide samples or documents requested by IOM in a timely manner, IOM may declare the bid unsuccessful.</p>
<b>AWARD OF CONTRACT</b>	
<b>46. Award criteria</b>	<p>In the event of a Contract award, IOM shall award the contract to a bidder who has been determined as eligible and qualified and whose bid has been determined to be the lowest-priced, substantially compliant offer to the ITB. IOM reserves the right to conduct negotiations with the bidder recommended for the award on the content of their bid.</p>
<b>47. Right to vary requirement at time of award</b>	<p>At the time the Contract is awarded, IOM reserves the right to increase or decrease the quantity of goods, works and/or services originally specified in Section 5: Schedule of Requirements, provided this does not exceed the percentages specified in Section 3 Data Sheet, and without any change in the unit prices or other terms and conditions of the bid and the bidding document.</p>
<b>48. Notification of award</b>	<p>Prior to the expiration of the period of bid validity, IOM will notify the successful bidder in writing by email, fax or post, that its bid has been accepted. Please note that the bidder, if not already registered at the appropriate level in UNGM, will be required to complete the vendor registration process on the UNGM prior to the signature and finalization of the contract.</p>
<b>49. Debriefing</b>	<p>In the event that a bidder is unsuccessful, the bidder may request a debriefing from IOM. The purpose of the debriefing is to discuss the strengths and weaknesses of the bidder's submission, in order to assist the bidder in improving its future bids for IOM procurement opportunities. The content of other bids and how they compare to the bidder's submission shall not be discussed.</p>
<b>50. Performance security</b>	<p>The successful bidder, if so specified in Section 3: Data Sheet shall furnish performance security in the amount and form specified therein, within the specified number of days after receipt of the contract from IOM. Banks issuing performance securities must be acceptable to the IOM controller, i.e. banks certified by the central bank of the country to operate as a commercial bank. IOM shall promptly discharge the bid securities of the unsuccessful bidders pursuant to Article 19 (Bid Security).</p> <p>Failure of the successful bidder to submit the above-mentioned performance security or sign the contract shall constitute sufficient grounds for the annulment of the award and forfeiture of the bid security. In that event IOM may award the contract to the next lowest evaluated bidder, whose offer is substantially responsive and is determined by IOM to be qualified to perform the contract satisfactorily.</p>
<b>51. Bank guarantee for advance payment</b>	<p>Except when the interests of IOM so require, it is IOM's standard practice not to make advance payment(s) (i.e., payments without having received any outputs). If an advance payment is allowed as per Section 3: Data Sheet, and if specified there, the bidder shall submit a Bank Guarantee in the full amount of the advance payment. Banks issuing bank guarantees must be acceptable to the IOM controller, i.e., banks certified by the central bank of the country to operate as a commercial bank.</p>
<b>52. Liquidated Damages</b>	<p>If specified in Section 3: Data Sheet, IOM shall apply Liquidated Damages for the damages and/or risks caused to IOM resulting from the Contractor's delays or breach of its obligations as per the Contract.</p>

<b>53. Proposal protest</b>	Any proposer that believes to have been unjustly treated in connection with this proposal process or any contract that may be awarded as a result of such proposal process may submit a complaint to <a href="mailto:m SCU@iom.int">m SCU@iom.int</a> .

## **SECTION 5: SCHEDULE OF REQUIREMENTS**

Evacuation Centre Work: Rokovuaka

TERMS OF REFERENCE: **Construction of a Multipurpose Evacuation Centre, April 2024**

### 1. Background and Objectives

#### **1.2 Context**

Fiji is vulnerable to floods and tropical cyclones (TCs). These hazards have already caused serious disruptions to the country including human, material, economic and environmental losses. In 2016, Tropical Cyclone Winston displaced 62,000 people, or 6% of Fiji's total population. IOM recognizes that environmental hazard results in a disaster when the event exceeds the ability of the affected community or society to cope using its own resources. Acknowledging these challenges, IOM is working in partnership with the Government of Fiji through the National Disaster Management Office (NDMO) and Save the Children Fiji to prioritise building Fijian communities' resilience to minimise the impact of hazards. Through this focus on resilience, IOM aims to strengthen, support, and build on the preparedness and capacity of communities and families to break recurrent cycles of displacement. One critical aspect of this aim is the pursuit of resilient, safe, and secure evacuation centres in communities vulnerable to hazards. IOM is seeking vendors to support the rehabilitation and retrofitting of community structures to enhance their utility as evacuation centres and ensure the compliance to humanitarian standards.

#### **1.3 Assignment Objective and Conditions**

##### OVERALL OBJECTIVE

For this Request for Quotation (RFQ), IOM is seeking a suitably qualified and experienced contractor to construct an Evacuation Centre at a selected lot in Rokovuaka Village in Ra Province, Western based on the certified drawings of the evacuation centres included in Annex A. This Evacuation Centre is 28.55m by 17.3m and will provide safe refuge for up to 150 evacuees in times of crisis. It is anticipated that all works will be completed within four (4) months of starting construction. The Contractor will be expected to budget and account for delays due to weather, fluctuations in material costs, etc.

During construction, the Contractor will be expected to maintain accurate and up-to-date as-built records of the works, including but not limited to sizes, locations and depths of footings, service pipes and ducts, including junctions, changes in direction, fittings, access points and sumps.

The Contractor will deliver the Works in accordance with the certified drawings. Any departures from the certified drawings must be reviewed and approved by IOM prior to undertaking the Works. As-built drawings which include any departures from the certified drawings, must be pre-approved by IOM. Before final acceptance of any completed works, the Contractor shall mark-up drawings with the as-built information and submit to IOM the marked up as-built drawings, in good condition.

The Contractor will engage and pay for a suitably qualified and licensed land surveyor to set out the Works, including fences and site works, and shall maintain site boundary pegs and temporary

benchmarks in good condition and correct positions until the set-out is certified correct. Any peg or benchmark accidentally or purposely removed before this time shall be re-established by the original surveyor at the Contractor's cost.

## CONSTRUCTION SCHEDULE OF WORKS

Within the timeframe specified in this Terms of Reference (TOR) and no later than the date of signature of the Contract the Contractor shall submit a construction Schedule of Works showing the following:

- Sequence of Work (all estimated dates on which the Contractor shall start and finish each portion of the Work)
- Critical paths of activities (i.e. procurement activities and material lead times, construction activities, critical milestones, and scheduled hold points for approvals)
- Allowance for holidays.
- Activity inter-relationships.
- External dependencies including permit approvals and work by others.
- Estimate resources, labour and equipment.
- Inspections and testing (materials and workmanship on-site)
- Submittals and prototypes (shop drawings and materials samples)
- Periods within which various stages or parts of the work are to be executed.

Revisions: Revise the construction program as required by the progress of the work. Submit revisions with each Monthly Progress Claim. Identify changes since the previous version and show the estimated percentage of completion for each item of work. Display an on-site up-to-date construction schedule of works.

## SITE MEETINGS

Attend site meetings with the IOM Project Engineer to review progress, co-ordination and other matters as requested by IOM. Site meetings shall be held at a regular time and place each fortnight, or at regular intervals determined by the IOM Project Engineer. Arrange the attendance of relevant site personnel, and other parties, if directed.

## SITE PERSONNEL AND RECORDS

Site personnel: Retain a full-time, experienced Site / Construction Manager on site for the duration of the Works. The Site / Construction Manager shall be authorised to receive directions from the IOM Project Engineer.

Records: The Site / Construction Manager must maintain a daily site diary which shall record general progress and any significant events, the number of personnel and list of onsite subcontractors, temperature and weather conditions, meetings, visits and inspections, delays, unusual events and accidents. The original site diary shall be available for inspection and copying by the IOM Project Engineer at any time without notice.

### **TEMPORARY HOARDINGS AND SAFETY FENCES**

It will remain the Contractors responsibility to prepare applications and obtain all relevant authority permits required for hoardings and safety fences and to maintain such safety hoardings to the satisfaction of the relevant authority for the duration of the Project.

Enclose the Works with suitable temporary barriers and protection, prevent the entry of unauthorised persons onto the site, and prevent injury, damage, vandalism and theft. Supervise openings and access points to the Works during working hours and secure the Works during nonworking hours.

### **OCCUPATIONAL HEALTH AND SAFETY**

Take responsibility and ensure the health and safety of all employees. Be aware of and comply with the statutory occupational health and safety obligations and relevant acts and ordinances. Notify the IOM Project Engineer stating total hours worked, number of accidents and time lost, rehabilitation reports and other relevant information. Remove from site of any person not wearing or using required safety clothing and equipment, or any person who refuses to carry out occupational health and safety related instructions.

The English language version of the Agreement will at all times be the version of the Agreement which binds the Parties. Translations of the Agreement into languages other than English may be prepared for working purposes but will have no legally binding effect on the Parties.

The Contractor shall submit all progress billing with the following attachments:

- (b) Statement of Completed Works;
- (c) Progress Photos; and

4.4 Within 7 (seven) calendar days of Contractor's submission of the progress billing and Statement of Completed Works and all required attachments to the Project Manager, the Project Manager shall evaluate the said progress billing(s). Evaluated and approved progress billings shall be due and payable within 10 (ten) working days from date of approval of progress billing. During this period of evaluation and processing of payments, the Contractor shall continue progress of the work in accordance with the Approved Work Schedule.

4.5 Any payment(s) made by IOM does not imply nor signify acceptance of any portion of the Works and does not waive IOM's right to enforce the Contractor's warranty as provided in Article 14.2 of this Agreement, nor to apply penalties for delay.

4.6 The Contractor can only submit the final progress billing as per the Payment Schedule when the Contractor has satisfactorily completed and submitted:

- (a) All works, including Work Variation Orders, as stipulated in the annexed documents;
- (b) Rectification of all reported non-conforming works;

4.8A Certificate of Provisional Acceptance of terminated Works shall be issued by IOM if IOM terminates the contract in accordance with Article 26. This Certificate will indicate the Completion Rate as per Article 6.2 and the Contractor shall remain responsible for the rectification of non-conforming or defective portions of the Works in accordance with Article 14.2.

4.9A Certificate of Final Acceptance shall be issued by IOM 12 (twelve) months after the date a Certificate of Provisional Acceptance of the completed or terminated Works is issued provided that any works required during the warranty period have been completed to its satisfaction.

## 5. Completion Period

- 5.1 The Contractor shall mobilize all necessary and appropriate resources and coordinate all work activities with IOM to ensure commencement of the Works on [insert date] and completion and turn-over of the Works to IOM by [insert date] ("**Completion Date**").
- 5.2 If the Contractor is unable to complete the Works by the Completion Date, the Contractor may request a time extension in writing explaining the reasons for the delay. Any adjustment to the costs of performance security, or extension of required insurances, for the performance of the Works due to such time extension shall be for the account of the Contractor.
- 5.3 IOM shall not approve requests for time extension for reasons such as but not limited to:
- (a) Project location, conditions and restrictions identified during time of tender and award of the Agreement;
  - (b) Normal weather and climatic conditions prevailing at the site location;
  - (c) Logistics, implementation, coordination problems and other reasons within the control of the Contractor;
  - (d) Financial, operational and labor difficulties of the Contractor or any of its sub-contractor(s) or supplier/s;
  - (e) Any required rectification of non-conforming work items; and
  - (f) Nature and condition of terrain.
- 5.4 IOM may, at its sole discretion, revise the Completion Date as stated in Article 5.1 in response to the Contractor's reasonable request for time extension caused by any of the following:
- (a) Force Majeure as described in Article 16;
  - (b) Approved Work Variation Order/s requiring additional time for completion by the Contractor, as agreed between the Parties;
  - (c) IOM's failure to make timely payments for the Works completed to IOM's satisfaction.
- 5.5 IOM shall be entitled to charge liquidated damages equivalent to 0.1% (one-tenth of one

percent) of the total Contract Price for each day of delay until the entire Works are completed and accepted by IOM according to Article 4.7. IOM may, at its sole discretion, grant a conditional time extension whereby the Works are not considered to be in delay during the time extended, but in case of non-completion within the extended period, the calculation of liquidated damages for delay outlined herein shall be from the original Completion Date before extension. If the Agreement is terminated by either Party after the Completion Date (before extension) due to non-completion of the Works, the Contractor shall be liable to IOM for liquidated damages equivalent to 0.1% (one-tenth of one percent) of the total Contract Price for each day from the Completion Date (before extension) to the notice date of termination.

## 6. Work Schedule

- 6.1 Within the timeframe specified in the Notice of Award (NoA) and no later than the date of signature of this Agreement, the Contractor shall submit to IOM a work schedule (the “**Work Schedule**”) showing the order and timing for all the activities in the Works.
- 6.2 The Contractor shall keep and update a daily logbook on all progress and matters relating to the Works in accordance with industry standards. The logbook shall be inspected and verified for accuracy, daily or at an interval designated by IOM, by a designated IOM staff or its authorized representatives. The logbook shall be the authoritative source of information for determining the extent of the Works completed (the “**Completion Rate**”). In case the Contractor fails to update the logbook properly with the required verification, IOM shall have the right to solely determine the Completion Rate which cannot be challenged by the Contractor.
- 6.3 The Contractor shall submit an updated Work Schedule as and when requested by IOM or its Project Manager.
- 6.4 The Contractor shall notify IOM through its Project Manager of any proposed change in the Work Schedule. Any change shall be subject to prior written approval by IOM. The Contractor shall also submit to the Project Manager for approval a revised schedule within 7 (seven) calendar days from the date of proposing the change.
- 6.5 If at any time IOM deems that Contractor’s actual progress is inadequate to meet the requirements of this Agreement, IOM may notify the Contractor to take such steps as may be necessary to improve its progress. If after a reasonable period, as determined by IOM, the Contractor still does not improve its performance, IOM may require an increase in Contractor’s labour force, the number of shifts, workdays per week, overtime hours, amount of equipment, or require expedited shipment of equipment and materials, all at the Contractor’s cost and without additional cost to IOM.
- 6.6 If at any time the Contractor’s labor force is inactive due to unpaid wages, the Contractor shall be liable to IOM for liquidated damages equivalent to 0.1% (one-tenth of one percent) of the total Contract Price for each day of work stoppage until the entire labor force resumes work on the Project. This penalty shall be applied independently of any other sanction or penalty allowed for in this Agreement.

## 7. Work Variation

- 7.1 IOM reserves the right at any time to order any variations, alterations or modifications in the

scope of work, technical specification, or drawings relating to the Works, as specified under Annex A herein, which are deemed necessary or appropriate by IOM in the best interest of the Project (“**Work Variation**”).

- 7.2. The Contractor shall, within ten (10) calendar days from receipt of notice of Work Variation from IOM, confirm in writing to IOM the impact of the Work Variation on the Contract Price, Payment Schedule, Work Schedule and Completion Date, if any.
- 7.3. If any work in the Work Variation corresponds with an item description in the Bill of Quantities, the rate in the Bill of Quantities shall be used to calculate the value of the Work Variation. In other cases, the cost of such Work Variation shall be evaluated and compensated as agreed between the Parties. In such case, the Contractor shall provide IOM a quotation for the cost of the Work Variation.
- 7.4. All Work Variations shall be in writing based on agreed terms by the Parties, and shall be covered by a work variation order (the “**Work Variation Order**”) based on the template in Annex F of this Agreement. The Contractor shall immediately implement the terms of the Work Variation Order as agreed by the Parties.
- 7.5. All Work Variation Orders duly signed by both Parties shall automatically form part of this Agreement without need of further amendment, except in the following cases:
- a. In case the increase in the Contract Price exceeds USD 100,000, or exceeds 20% (twenty percent) of the original amount of Contract Price; or
  - b. In case the increase in the Contract Price brings the total aggregate contract value to USD 200,000 or more.

In these cases, a written amendment between Parties shall be required for such changes to form part of this Agreement.

- 7.6. Under no circumstances shall the Work Variation Order be used to modify or amend any portion of this Agreement not covered under Articles 7.1 and 7.2 above.

## **8. Bank Guarantee for Advance Payment (IF APPLICABLE)**

The Contractor shall provide IOM with a bank guarantee to secure the requested advance payment (the “**Bank Guarantee**”) in an amount equivalent to the total amount advanced to be issued by a reputable bank or financial entity acceptable to IOM, based on the template in Annex D, or as otherwise accepted by IOM in writing. The Bank Guarantee shall be effective from the date of the release of cash advance as per Article 4.1 of this Agreement until the date of the provisional acceptance as per Articles 4.7 or 4.8, following which the Bank Guarantee will be released by IOM. IOM shall not be obliged to make any advance payment until the Bank Guarantee is received and approved by IOM. The amount of the Bank Guarantee shall not be construed as the limit of the Contractor’s liability to IOM in any event.

## **9. Performance Security (Applicable where the contract price is over USD 300,000)**

The Contractor shall provide IOM with a performance security in the amount equivalent to 10% (ten percent) of the Contract Price, to be issued by a reputable bank or surety company, based on the template in Annex E or in a form acceptable to IOM (the “**Performance Security**”). The Performance Security shall serve as the guarantee for the Contractor’s satisfactory performance and compliance

with the terms and conditions of this Agreement. The amount of the Performance Security shall not be construed as the limit of the Contractor's liability to IOM in any event. The Performance Security shall be effective from the date of commencement of the Works until the date of Provisional Acceptance as per Articles 4.7 or 4.8 following which it will be discharged by IOM.

## 10. Retention

10.1 Upon issuance of the Certificate of Provisional Acceptance for completed Works as per Article 4.7, an amount equivalent to 10% (ten percent) of the Contract Price shall be retained by IOM ("**Retention Amount**"), to be used for repairs or reconstruction of defective works due to poor workmanship and/or inferior quality of material used which are discovered within a period of 12 (twelve) months from the date of Provisional Acceptance ("**Retention Period**").

10.2 In case a Certificate of Provisional Acceptance for terminated Works has been issued as per Article 4.8, an amount equivalent to 10% (ten percent) of the Contract Price corresponding to the Completion Rate as per Article 6.2 shall be retained by IOM as Retention Amount, to be used for repairs and reconstruction of defective works due to poor workmanship and/or inferior quality of material used for which the Contractor was responsible under this Agreement which are discovered within a period of 12 (twelve) months from the date of Provisional Acceptance.

10.3 The Contractor may, from the date of Provisional Acceptance and until the expiration of Retention Period, request IOM to release the amount retained as per Article 10.1 or Article 10.2 by submitting an unconditional bank guarantee. Such bank guarantee shall be in a form and by a bank acceptable to IOM and in an amount and currency equal to the amount retained and effective until the expiration of Retention Period.

## 11. Contractor's Responsibility

11.1 All government permits and licenses required for the execution of the Works under this Agreement shall be obtained prior to the commencement of the Works and paid for by the Contractor.

11.2 The Contractor shall comply with local and national building regulations imposed by appropriate government agencies, and shall keep IOM indemnified against all fines, penalties and losses incurred by reason of any breach of this clause.

The Contractor shall have entire control and supervision of the Works and services herein agreed upon and shall be solely liable for the salaries, wages and other employment benefits of all employees and sub-contractors. Should the Contractor breach this clause, IOM has the right to proceed against the Performance Bond or Bank Guarantee or to use the Retention Amount, without prejudice to demanding direct reimbursement from the Contractor in the event that the amount of the Performance Bond Bank Guarantee or Retention Amount is insufficient.

11.4 The Contractor shall be responsible for the safety of all activities on the site and for ensuring that relevant occupational health and safety laws and regulations are followed.

11.5 The Contractor shall be solely and fully accountable for any claim for losses, liabilities, injuries, or damages arising out of or in connection with the work done or to be performed under this

Agreement including but not limited to any accident or injury of any of its employees or sub-contractors during the term of this Agreement , or for any injury to any person or damages or loss of properties arising from the construction or any act or omission of the Contractor or anyone in its employment, or its subcontractors.

- 11.7 The Contractor shall at all times defend, indemnify, and hold harmless IOM, its officers, employees, and agents from and against all losses, costs, damages and expenses (including legal fees and costs), claims, suits, proceedings, demands and liabilities of any kind or nature to the extent arising out of or resulting from acts or omissions of the Contractor or its employees, officers, agents or subcontractors, in the performance of this Agreement. IOM shall promptly notify the Contractor of any written claim, loss, or demand for which the Contractor is responsible under this clause.

## **12. Inspection of Works**

- 12.1 IOM reserves the right for itself and its representatives to inspect the Works, while in progress, so as to give IOM the opportunity to reject the whole or any portion thereof, which in the opinion of IOM's representative is defective or substandard.
- 12.2 The Contractor shall allow the Project Manager and other IOM representatives to access to the work site at any time.

## **13. Insurance**

- 13.1 Without limiting the Contractor's liability pursuant to Article 11 (Contractor's Responsibility), the following insurance cover is to be provided and maintained by the Contractor for the entire duration of this Agreement:

## **14. Warranties**

- 14.1 The Contractor represents and warrants that it is financially sound and duly licensed, with the adequate labor/human resources, equipment and tools, competence, expertise and skills necessary to carry out fully and satisfactorily, within the stipulated completion period, the Works in accordance with this Agreement.

- 14.2 The Contractor guarantees and warrants the performance and completion of the design and construction work to the full and complete satisfaction of IOM. The Contractor remains responsible for the damages caused or identified within 12 (twelve) months from the date of issue of IOM's Certificate of Provisional Acceptance of the Works as per Articles 4.7 or 4.8, on account of defects in the construction, or the use of materials of inferior quality furnished by it, or due to any violation of the terms of the Agreement.
- 14.3 Any work re-performed by, or any rework, repair or replacement done in satisfaction of the Contractor's obligations in relation to its warranty under this Agreement, shall automatically be re-warranted by Contractor for additional 12 (twelve) months from the completion and provisional acceptance of the rework, repair, or replacement.
- 14.4 In case of any defect in workmanship or materials, which may become apparent in the course of construction, the Contractor shall, within 7 (seven) calendar days from IOM's demand, at Contractor's own cost and expense, remedy such portion of the Works done by the Contractor as in the opinion or judgment of IOM is unsound, incorrect or defective or not in accordance with the plans and specifications.
- 14.5 In case of Contractor's default, failure or refusal to carry out such order to remove and replace the unsound, incorrect or defective portion of the Works within 7 (seven) days as required by the previous clause, IOM may terminate this Agreement and/or engage the services of other persons to carry out the same. The Contractor shall bear all expenses arising there from or incidental thereto. IOM may require direct reimbursement for the cost of such action from the Contractor, deduct the expenses from any amount due to the Contractor, or deduct the amount from Performance Bond, the Bank Guarantee or the Retention Amount.
- 14.6 If any defects or imperfections are discovered by IOM and communicated to the Contractor after provisional acceptance but prior to final acceptance of the Works due to defective or improper workmanship and/or inferior quality of the material used, the Contractor shall immediately correct such defects within a period of 5 (five) days of receipt of written notice from IOM. Where the Contractor fails to act within this period, IOM may engage the services of a third party to correct the defect and hold the Contractor liable for the cost of such services. In such circumstances the Contractor shall reimburse IOM the cost of such repair, with interest at 2% (two percent) per month from the time such expenses were incurred until fully reimbursed. The Performance Bond, Bank Guarantee and Retention Amount, if not yet released at the time the said defects are found, may be used for this purpose.
- 14.7 The Contractor shall perform repair work with the utmost care and diligence to protect existing facilities and prevent damage thereto. In the event that damage to existing facilities is caused by such repairs, the Contractor shall repair such damage at its own expense and to IOM's satisfaction and acceptance.
- 14.8 The Contractor further warrants that:
- (a) It shall comply with all applicable laws, ordinances, rules and regulations when performing its obligations under this Agreement;

- (h) It will maintain reasonable and appropriate organizational, administrative, physical, and technical safeguards to ensure the integrity and confidentiality of the information shared pursuant to this Agreement. The safeguards shall be designed to protect against any foreseeable threats or risks to the security and integrity of such information as well as the unauthorized access, use or disclosure thereof. If requested by IOM at any time during the term of this Agreement, the Contractor shall provide IOM with copies of its policies, protocols, records, and other relevant materials implementing the safeguards;
- (i) The Contract Price specified in this Agreement shall constitute the sole remuneration in connection with this Agreement. The Contractor shall not accept for its own benefit any trade commission, discount or similar payment in connection with activities pursuant to this Agreement or the discharge of its obligations thereunder. The Contractor shall ensure that any subcontractors, as well as the officers, personnel and agents of either of them, similarly, shall not receive any such additional remuneration;
- (j) It shall respect the legal status, privileges and immunities of IOM as an intergovernmental organization, such as inviolability of documents and archive wherever it is located, exemption from taxation, immunity from legal process or national jurisdiction. In the event that the Contractor becomes aware of any situation where IOM's legal status, privileges or immunities are not fully respected, it shall immediately inform IOM;

- SEA or SH. Failure to take appropriate investigative or corrective action to the satisfaction of IOM shall constitute material breach of this Agreement;
- (e) Ensure that the SEA and SH provisions contained in this Article are included in all sub-contracts related to this Agreement;
  - (f) Adhere to the provisions of this Article for the duration of this Agreement.
- 14.11 The Contractor expressly acknowledges and agrees that breach by the Contractor, its employees or its Associated Personnel, of any provision contained in Articles 14.8, 14.9, or 14.10 of this Agreement constitutes a material breach of this Agreement and shall entitle IOM to terminate this Agreement immediately on written notice without liability. In the event that IOM determines, whether through an investigation or otherwise, that such a breach has occurred then, in addition to its right to terminate the Agreement, IOM shall be entitled to recover from the Contractor all losses suffered by IOM in connection with such breach.
- 14.12 IOM shall have the right to investigate any allegations (including but not limited to SEA, SH, fraud and corruption) involving the Contractor, its employees or its Associated Personnel, notwithstanding related investigations undertaken by the Contractor or national authorities. The Contractor shall provide its full and timely cooperation with any such investigations. Such cooperation shall include, but shall not be limited to, the Contractor's obligation to make available its personnel and any relevant documentation for such purposes at reasonable times and on reasonable conditions and to grant access to the Contractor's premises at reasonable times and on reasonable conditions in connection with such access to the Contractor's personnel and relevant documentation. The Contractor shall require its agents, including, but not limited to, the Contractor's attorneys, accountants or other advisers, to reasonably cooperate with any such investigations carried out by IOM.
- 14.13 The Contractor's warranty obligation under this Agreement shall remain valid and existing during the warranty period, notwithstanding the handover of the Works by IOM to a third-party, and the Contractor shall remain liable to IOM for any defects in the construction, workmanship, use of substandard materials, or any violation of the terms of the Agreement during such warranty period.

## **15. Assignment and Subcontracting**

- 15.1 The Contractor shall not assign or subcontract the Agreement or any work under this Agreement in whole or in part, unless agreed in writing in advance by IOM. Any subcontract entered into by the Contractor without approval in writing by IOM may be cause for termination of the Agreement.
- 15.2 Notwithstanding a written approval from IOM, the Contractor shall not be relieved of any liability or obligation under this Agreement nor shall it create any contractual relation between any subcontractor and IOM. The Contractor shall include in an agreement with a subcontractor all provisions in this Agreement that are applicable to a subcontractor, including relevant Warranties and Special Provisions, if any. The Contractor remains liable as a primary obligor under this Agreement, and it shall be directly responsible to IOM for any faulty performance under any subcontract. The subcontractor shall have no cause of action against IOM for any breach of the sub-contract.

## **16. Force Majeure**

- 16.1 Neither Party will be liable for any delay in performing or failure to perform any of its

obligations under this Agreement if such delay or failure is caused by force majeure, which means any unforeseeable and irresistible act of nature, any act of war (whether declared or not), invasion, revolution, insurrection, terrorism, blockade or embargo, strikes, Governmental or state restrictions, natural disaster, epidemic, public health crisis, and any other circumstances which are not caused by nor within the control of the affected Party.

- 16.2 As soon as possible after the occurrence of a force majeure event which impacts the ability of the affected Party to comply with its obligations under this Agreement, the affected Party will give notice and full details in writing to the other Party of the existence of the force majeure event and the likelihood of delay. On receipt of such notice, the unaffected Party shall take such action as it reasonably considers appropriate or necessary in the circumstances, including granting to the affected Party a reasonable extension of time in which to perform its obligations. During the period of force majeure, the affected Party shall take all reasonable steps to minimize damages and resume performance.
- 16.3 IOM shall be entitled without liability to suspend or terminate the Agreement if Contractor is unable to perform its obligations under the Agreement by reason of force majeure. In the event of such suspension or termination, the provisions of the Article on Termination shall apply.

## **17. Intellectual Property**

All intellectual property and other proprietary rights including, but not limited to, patents, copyrights, trademarks, and ownership of data resulting from the performance of the Services shall be vested in IOM, including, without any limitation, the rights to use, reproduce, adapt, publish and distribute any item or part thereof.

## **18. Independent Contractor**

The Contractor, its employees and other personnel as well as its subcontractors and their personnel, if any, shall perform all Works under this Agreement as an independent contractor and not as an employee or agent of IOM.

## **19. Audit**

The Contractor agrees to maintain records, in accordance with sound and generally accepted accounting procedures, of all direct and indirect costs of whatever nature involving transactions related to the provision of services under this Agreement. The Contractor shall make all such records available to IOM or IOM's designated representative at all reasonable times until the expiration of 7 (seven) years after the date of final payment, for inspection, audit, or reproduction. On request, employees of the Contractor shall be available for interview.

## **20. Confidentiality**

- 20.1 All information which comes into the Contractor's possession or knowledge in connection with this Agreement is to be treated as strictly confidential. The Contractor shall not communicate such information to any third party without the prior written approval of IOM. The Contractor shall comply with IOM Data Protection Principles in the event that it collects, receives, uses, transfers, stores or otherwise processes any personal data in the performance of this Agreement. This obligation shall survive the expiration or termination of this Agreement.

- 20.2 Notwithstanding the previous paragraph, IOM may disclose the terms of this Agreement and information related to this Agreement, including the name of the Contractor, the title of the contract/project, the nature and purpose of the contract/project, and the amount of the contract/project to the extent required by its donor/s or auditors in relation to IOM's commitment to any initiative for transparency and accountability of funding received by IOM provided that such disclosure will be in accordance with the policies, instructions and regulations of IOM.

## 22. Dispute Resolution

- 22.1 Any dispute, controversy or claim arising out of or in relation to this Agreement, or the breach, termination or invalidity thereof, shall be settled amicably by negotiation between the Parties.
- 22.2 In the event that the dispute, controversy or claim is not resolved by negotiation within 3 (three) months of receipt of the notice from one Party of the existence of such dispute, controversy or claim, either Party may request that it be submitted to mediation in accordance with the UNCITRAL Mediation Rules in effect at the time of the dispute.
- 22.3 In the event that mediation is not successful, either Party may submit the dispute, controversy or claim to arbitration in accordance with the UNCITRAL Arbitration Rules in effect at the time of the dispute no later than 3 (three) months following the date of termination of the mediation as per Article 9 of the UNCITRAL Mediation Rules. The number of arbitrators shall be one and the language to be used in the arbitral proceedings shall be English. The appointing authority shall be the Secretary General of the Permanent Court of Arbitration. The arbitral tribunal shall have no authority to award punitive damages. The seat of the arbitration shall be Geneva, Switzerland.
- 22.4 All aspects of the dispute resolution as per paragraphs 1 to 3 of this Article shall be treated as confidential by the Parties and all others involved.
- 22.5 The present Agreement as well as the arbitration agreement above shall be governed by the terms of the present Agreement and supplemented by internationally accepted general principles of law (including the UNIDROIT Principles of International Commercial Contracts) for issues not covered by the Agreement, to the exclusion of any single national system of law that would defer the Agreement to the laws of any given jurisdiction.

22.6 This Article survives the expiration or termination of the present Agreement.

### **23. Use of IOM Name, Abbreviation and Emblem**

The Contractor shall not be entitled to use the name, abbreviation or emblem of IOM without IOM's prior written authorisation. The Contractor acknowledges that use of the IOM name, abbreviation and emblem is strictly reserved for the official purposes of IOM and protected from unauthorized use by Article 6<sup>ter</sup> of the Paris Convention for the Protection of Industrial Property, revised in Stockholm in 1967 (828 UNTS 305 (1972)).

### **24. Status of IOM**

Nothing in or relating to this Agreement shall be deemed a waiver, express or implied, of any of the privileges and immunities of the International Organization for Migration.

### **25. No Waiver Clause**

IOM's failure to insist upon a strict performance of any of the terms and conditions of this Agreement shall not be deemed a relinquishment of any right or remedy that IOM may have, nor shall it be construed as a waiver of Contractor's subsequent breach of this Agreement which shall continue to be in full force and effect. No waiver by IOM of any of its rights under this Agreement shall be deemed to have been made unless expressed in writing and signed by IOM.

### **26. Termination of Agreement**

26.1 IOM may, at its option, terminate for convenience any of the work under this Agreement in whole or in part, at any time by 7 (seven) days written notice to Contractor. Such notice shall specify the Completion Rate upon termination as established by Article 6.2 and the effective date of termination. Upon receipt of such notice Contractor shall:

- (a) Immediately discontinue the Works on the date and to the extent specified in the notice and place no further purchase orders or subcontracts for materials, services, or facilities other than as may be required for completion of such portion of the Works that is not terminated;
- (b) Promptly cancel upon terms satisfactory to IOM all purchase orders, subcontracts, rentals, or any other agreement existing for the performance of the terminated work, or assign those agreements as directed by IOM;
- (c) Assist IOM in the maintenance and protection of work in progress, plant, tools, equipment, property and materials acquired by Contractor or furnished by IOM under this Agreement;
- (d) Complete performance of such portion of the Works which are not terminated; and
- (e) Perform other related tasks, which IOM may reasonably instruct, in order to effect the termination of the work.

26.2 Upon termination as per the previous clause, as the sole right and remedy of Contractor, IOM shall pay in accordance with the following:

- (a) The Contract Price corresponding to the Works performed in accordance with this Agreement prior to the date of such notice of termination;
- (b) Costs corresponding to the portion of the Works thereafter performed as specified in such notice of termination, subject to IOM's acceptance of such part of the Works;

- (c) Reasonable and documented administrative costs of settling and paying claims arising out of the termination of work under purchase orders or subcontracts, as agreed by IOM; and
- (d) Reasonable costs incurred in demobilization and the disposition of residual material and equipment, as agreed by IOM.

The Contractor shall submit within 7 (seven) calendar days after receipt of notice of termination, a written statement setting forth its proposal for an adjustment to the Contract Price to include only the incurred costs described in this clause. IOM shall review the proposal, and negotiate an equitable adjustment of the Contract Price. Other amounts paid in advance by IOM will be refunded by the Contractor within 7 (seven) days.

- 26.3 IOM may terminate this Agreement or any of the work under this Agreement at any time by immediate written notice to the Contractor, for causes which include but are not limited to:
- (a) The Contractor's violation of the terms and conditions of this Agreement;
  - (b) Contractor's default, failure or refusal to carry out order to remove and replace the unsound, incorrect or defective portion of the Works as per Article 14.5;
  - (c) Non-completion of the Works within the time agreed upon or the expiration of extension agreed upon, or delayed progress of the Works as stated in Article 6 or sub-standard work;
  - (d) Institution of insolvency or receivership proceedings involving the Contractor;
  - (e) If, in the judgment of IOM, the Contractor has engaged in corrupt or fraudulent practices in competing for and/or implementing the Agreement.

The written notice shall specify the Completion Rate as established by Article 6.2 upon termination, the effective date of termination, and any additional tasks that need to be performed including but not limited to those enumerated in Articles 26.1 and 26.2. Such termination shall be without prejudice to IOM's other rights and remedies in this Agreement, in law and in equity. Amounts paid in advance by IOM will be refunded by the Contractor within 7 (seven) days from the date of IOM's request.

26.4 Where IOM terminates this Agreement as per Article 26.3 above, all materials, plant, equipment and works financed under this Agreement shall be deemed to be the property of IOM, and the Contractor shall be liable for all the direct replacement cost incurred to IOM for the completion of the Works. The Contractor shall pay IOM the required amount within 30 (thirty) days from receipt of an invoice from IOM. The direct replacement cost shall be the difference between the remaining amount in Contract Price not paid to the Contractor upon termination including the Retention Amount (after the settlement of all remaining debts and obligations) and the actual cost spent by IOM for completion of the remainder of the Works plus overhead of 10% (ten percent) for additional administrative efforts of IOM.

- 26.5 Upon any termination, the Contractor shall waive any claims for damages including loss of anticipated profits on account thereof.
- 26.6 IOM may suspend the Agreement at any time, in whole or in part. In the event of suspension of this Agreement, IOM will specify the scope of activities and/or deliverables that shall be suspended in writing. All other rights and obligations of this Agreement shall remain applicable during the period of suspension. IOM will notify the Contractor in writing when the suspension is lifted and may modify the completion date. The Contractor shall not be entitled to claim or receive any additional payment or costs incurred during the period of suspension of this Agreement.

**27. Severability**

If any part of this Agreement is found to be invalid or unenforceable, that part will be severed from this Agreement and the remainder of the Agreement shall remain in full force.

**28. Entire Agreement**

This Agreement including its Annexes represents the entire agreement between the Parties and supersedes all prior agreements and understandings, if any, relating to the subject matter of this Agreement.

**29. Final Clauses**

29.1 This Agreement will enter into force upon signature by both Parties. It will remain in force until completion of all obligations of the Parties under this Agreement unless terminated earlier in accordance with the Article on Termination.

29.2 Except as provided under Article 7 above, any change to the terms and conditions detailed herein shall be documented in a written amendment to this Agreement.

**30. Special Provisions (Optional)**

Due to the requirements of the Donor financing the Project, the Contractor shall agree and accept the following provisions:

[Insert all donor requirements which must be flowed down to IOM’s implementing partners and subcontractors. In case of any doubt, please contact LEGContracts@iom.int]
