## OBJECTIVES

- An Interactive Session
  - A Networking Opportunity
  - An Expert Information and Knowledge sharing event
  - An exchange among governmental, non-governmental, private, academic, inter-governmental and media
  - A Dialogue among Stakeholders with experiences in migration and adaptation
- 
- To emphasize the significance of migration, both in forced and voluntary forms in the context of climate change.
  - To take stock of the implementation process of the Paragraph 14(f) of the 2010 UNFCCC Cancun Adaptation Framework: *“Measures to enhance understanding, coordination and cooperation with regard to climate change induced displacement, migration and planned relocation, where appropriate, at the national, regional and international levels”.*
  - To offer insights, practical ways to integrate migration into adaptation planning: data and evidence needs, policy processes, partnerships, funding.
  - To launch the 2012 Edition of the **“State of Environmental Migration”** - A publication of the Institute for Sustainable Development and International Relations (IDDRI) and IOM
  - To promote **Asia-Pacific Migration and Environment Network (APMEN)**, an ADB and IOM Initiative: [www.apmen.iom.int](http://www.apmen.iom.int)
