

Syria Crisis IOM Appeal 2017

13,500,000

Persons in need of humanitarian assistance in Syria

6,300,000

Internally Displaced Persons (IDPs)

4,900,000

People in Hard to Reach and Besieged Areas

4,800,000

Refugees in the region (by December 2016)

4,434,600

Host community members directly targeted in neighboring countries

Six years into the armed conflict in the Syrian Arab Republic, the situation continues to deteriorate. 13.5 million people are in need of humanitarian assistance inside Syria, including 6.3 million internally displaced (IDPs). Nearly 5 million people are living in hard to reach and or besieged areas. In addition over 4.8 million Syrians have taken refuge in the five neighboring countries Lebanon, Jordan, Turkey, Iraq and Egypt.

IOM and humanitarian partners continue to scale up services to meet the challenges posed by this protracted crisis with a particular emphasis on protection, provision of life-saving assistance, as well as early recovery and resilience support to displaced Syrian and host communities inside Syria and in the region.

IOM is appealing to the international community for USD 233,284,316.

NFI and Shelter support to affected populations inside Syria

IOM provides emergency shelter solutions to the displaced and affected in most governorates of Syria. In 2017 IOM will continue to provide shelter in coordination with the sector, as well as pilot innovative shelter solutions for displaced, affected and returnee communities.

- Provision of emergency shelter kits and/or construction materials/tools for private or shared shelters
- Provision of temporary shelter (e.g. tents)
- Rehabilitation of emergency shelter spaces in collective centers, spontaneous settlements
- Provision of NFI assistance through direction distribution and cash/vouchers schema
- Support to owners/tenants to sustainably repair/rehabilitate their housing (materials, cash/voucher, cash-for-work, local hire, etc.)
- Rehabilitation of community structures and public infrastructure (materials, cash/voucher, cash-for-work, local hire, etc.)
- Training of stakeholders on resilience oriented shelter/NFI skills and capacities

Targeted number of beneficiaries: 1,755,280 displaced and affected population.

Early Recovery and Livelihood

16,349,600

funding requested

Livelihood Security and Community Economic Stabilization

IOM's provision of livelihood opportunities and small business development help to strengthen community resilience and support the restoration of positive coping mechanisms.

- Provision of emergency shelter kits and/or construction materials/tools for private or shared shelters
- Provision of skills/vocational training
- In-kind grants to support setting up or restarting of individual income generating projects
- Rapid employment projects related to community revitalization and rehabilitation of public infrastructure
- Implementation of youth led community projects
- Establishment of Business Development Support and Training Centers
- Capacity Building of Syrian NGOs on Livelihood project implementation and monitoring

Targeted number of beneficiaries: 41,150 individuals.

Camp Coordination and Camp Management (CCCM)

9,421,706

funding requested

Activities in collective centers and tented settlements

In order to address the lifesaving needs of IDPs sheltering in collective centers and tented settlements, IOM will undertake the following activities:

- Provision, replacement and installation of tents for IDPs in displacement sites
- Rehabilitation of collective centers, utilizing cash-for-work schema when applicable
- Livelihood activities and vocational training for IDPs and host community members
- Capacity building of implementing partners to enhance response

Targeted number of beneficiaries: 85,380 displaced and host community members.

Coordination

7,030,000

funding requested

Activities aiming at enhancing the overall response inside Syria

- Establishment of humanitarian training facilities in order to provide Syrian humanitarian staff operating in Northern Syria a space to receive training.
- Lead and coordinate PSEA training and related activities for humanitarian actors working in Southern Turkey and Northern Syria.
- Operation of the Displacement Tracking and Monitoring (DTM) tool to provide humanitarian partners timely population, needs and displacement data through regular reporting and specialized assessment as requested by humanitarian partners.

Targeted number of beneficiaries: 13,500,000 people in need of humanitarian assistance will be indirectly targeted through the needs assessment exercise. 240 Humanitarian organizations have staff complete PSEA training. 4,800 NGO staff will utilize training centers for capacity building initiatives.

Water, Sanitation and Hygiene (WASH)

5,568,566
funding requested

WASH services to displaced and affected families in Syria

IOM proposed WASH activities are in line with sector priorities and include restoration of sustainable WASH services and provision of lifesaving WASH assistance, in particular:

- Support the restoration of sustainable WASH services through rehabilitation of infrastructure and support to operations and maintenance with an aim of restoring cost recovery for self-sustainability (well equipping, provision of electrical panels for water stations, provision of spare parts for electrical panels of the water stations, provision garbage trucks, supply of electrical generators, wells drilling and maintenance, rehabilitation of sewage system infrastructure, and rehabilitation of water provide system infrastructure)
- Provide lifesaving WASH services to vulnerable IDPs and affected communities through the provision of water jet provision, water tanks distribution and installation and emergency WASH NFI.
- Hygiene promotion through information campaigning, focus group discussion and community based water committees.
- Capacity building of WASH stakeholders in operations, maintenance and good hygiene practices.

Targeted number of beneficiaries: **850,000 individuals**.

Protection

6,540,554
funding request

Protection actions for most affected communities inside Syria

- Provision of psychosocial support to conflict affected and vulnerable populations
- Support the evacuation of vulnerable stranded migrants and critical medical cases
- Understanding, Mapping and Analyzing Displacement induced Land, Housing and Property (HLP) Issues caused by the Syria crisis
- Facilitation of the delivery of civil documentation and registration through capacity enhancement of the concerned national authorities
- Advocacy with duty bearers and key stakeholders on the occurrence of human trafficking within Syria as a result of the crisis and awareness raising on the available support services for the victims
- Compile existing evidence on the occurrence of child labor within Syria and provide livelihood alternatives to the families, where the risk is ranked as higher
- Support with family reunification of unaccompanied and separated children (Northern Syria) in the geographical areas where a gap is identified and in line with the sub cluster standard operating procedures. In line with sector activity
- Strengthen human resource capacity to respond to child protection concerns in Syria

Targeted number of beneficiaries: **54,140 IDPs, Migrants, Returnees and Host Communities**.

Health

4,171,627
funding requested

Provision of Emergency Health Care to Displaced and Affected Populations

IOM will grow on existing health programming inside Syria an increase access for women, men, boys and girls to primary healthcare, as well as provide targeted assistance to persons with disability.

- Rehabilitation of hospitals and primary health care clinics
- Provision of ambulances and other medical equipment and supplies
- Disability support including provision of wheelchairs, crutches, hearing aid and prosthesis
- Medical evacuation for stranded and displaced communities
- Support affected persons with management of non-communicable diseases
- Build capacity of health personal on delivery of health services including technical support to people with disability (amputee and hearing disability)

Targeted number of beneficiaries: **152,770 IDPs and affected persons**.

Logistics

4,270,000
funding requested

Common Logistical support to cross border operations from Jordan and Turkey

- IOM in coordination with the Logistic Cluster will continue and expand the operation, management and maintenance of UN,INGO and NGO common warehouse space in Gaziantep, Turkey
- Transportation of UN and INGO humanitarian cargo from Jordan to Southern Syria (Dar'a and Quneitra governorates) via the Ramtha border crossing

Targeted number of beneficiaries: **40 UN Agencies/INGOs and NGOs**.

	Basic Needs and Essential Services	20,675,000
		<i>funding requested</i>
	One time cash assistance for most vulnerable and potential new arrivals living outside of camps to purchase NFI, winterization and other basic needs	8,850,000
