Michael Urquhart is a Consultant at Media Measurement, where he applies open-source communications, including the digital propaganda strategy of extremist organizations. From the University of Edinburgh where he previously explored various topics in the field of migration, corruption, children's rights, and armed conflict. Michael holds a Master's degree and has been running media insight programmes for more than 25 years and has deployments in the European Union funded by the European Commission. Media Measurement prides itself on its ability to uncover digital intelligence in research projects, with award-winning precision and strategic value, for non-governmental organizations, governments, major corporations and brands. It is a leading digital research consultancy that pairs data-driven research methods to explore digital media data. As head of the Society research practice, Michael helps governments and civil society organizations understand digital narratives and develop their strategic communications programmes, working across research areas including communications, including the digital propaganda strategy of extremist organizations.

New Contexts of Ongoing Conflict and Violent Extremism: Disengagement, Disassociation, Reintegration and Reconciliation (DDRR)
Since 2000, IOM has been producing world migration reports. The World Migration Report 2020, the tenth in the world migration report series, has been produced to contribute to increased understanding of migration throughout the world. This new edition presents key data and information on migration as well as thematic chapters on highly topical migration issues, and is structured to focus on two key contributions for readers: Part I: key information on migration and migrants (including migration-related statistics); and Part II: balanced, evidence-based analysis of complex and emerging migration issues.

No. 30 International Dialogue on Migration
COVID-19 Crisis: Reimagining the Role of Migrants and Human Mobility for the Achievement of the Sustainable Development Goal

On the occasion of the fiftieth anniversary of the International Organization for Migration in November 2001, IOM’s governing Council launched a process of International Dialogue on Migration, with the goal of increasing understanding of migration and enhancing cooperation in its management. This series captures the results of the dialogue at each relevant Council session, while additional issues are produced to facilitate the Council dialogue.
