

Enterprise Development Support to Small and Medium Enterprises

Enterprise Development Fund: Diyala

Call for Expressions of Interest

Background

The International Organization for Migration is rolling out a coordinated approach at post-war development, aimed at encouraging private sector investment and returns across the country and in areas with high rates of displacement. This includes, in Khanaqin city centre, an initiative to support primary and secondary economic sectors that were successful prior to 2014 but suffered loss, damages or disruption to supply chains in the previous 5 years. Assisting these enterprises provides a clear path for the resumption of economic activities, the creation of additional jobs that can promote return and reintegration, and opportunities for businesses to support reconstruction in the surrounding areas around Khanaqin

Within this framework, IOM is launching a call for Expressions of Interest for an Enterprise Development Fund (EDF) to support the economic recovery of Small and Medium-sized enterprises (SMEs) in Diyala . IOM intends to provide small business grants to SMEs. The financial grant will be based on an evaluation of needs, the potential for job creation of the selected businesses, and a business plan. The EDF aims to provide practical and relevant capital support to SMEs in Diyala, in Khanaqin. Support to selected SMEs should improve the growth capacity of the private sector and their ability to meaningfully create jobs.

Applicants will receive individual attention to their Expressions of Interest and, in some instances, feedback on the feasibility of their proposal. Successful applicants will be invited to submit a full proposal should their EOI show significant potential. All applicants should provide the information requested in the Expression of Interest and meet the minimum Eligibility Criteria, below, or their application will not be considered.
