Almost five years into the armed conflict in the Syrian Arab Republic, the situation continues to deteriorate. 13.5 million persons are in need of humanitarian assistance inside Syria, including 6.5 million internally displaced (IDPs). Nearly 5 million people are living in hard to reach and or besieged areas. In addition over 4.2 million Syrians have taken refuge in the five neighboring countries Lebanon, Jordan, Turkey, Iraq and Egypt.

IOM and humanitarian partners are continuing to scale up their services to meet the challenges posed by this protracted crisis with a particular emphasis on protection, provision of life-saving assistance, as well as early recovery and resilience to displaced Syrian and host communities inside Syria and in the region.

For 2016 under both the Syria Humanitarian Response Plan (HRP) and the Refugee and Resilience Plan (3RP), IOM is appealing to the international community for USD 254,332,199.
WHOLE OF SYRIA (Syria, Turkey, Jordan)

$149,712,608
total funding requested

IOM projects and funding requests under the Syria Humanitarian Response Plan (HRP) 2016

Non-Food Items (NFIs) and Shelter

75,600,850

funding requested

NFI and Shelter support to affected populations inside Syria

Provision of emergency shelter kits and/or construction materials/tools for private or shared shelters (in-kind, cash, voucher, etc.); Provision of temporary shelter (e.g. tents); Rehabilitation of emergency shelter spaces in collective centers, spontaneous settlements, etc. (in-kind, cash, voucher, physical repair, etc.); Provision of NFI assistance (in-kind, cash, voucher, etc.); Support to owners/tenants to sustainably repair/rehabilitate their housing (materials, cash, voucher, cash-for-work, local hire, etc.) ; Rehabilitation of community structures and public infrastructure (materials, cash, voucher, cash-for-work, local hire, etc.); Training of stakeholders on resilience oriented shelter/NFI skills and capacities to 1,755,280 displaced and affected population in Syria.

Early Recovery and Livelihood

23,069,332

funding requested

Livelihood support for vulnerable youth

Livelihood/early recovery activities, as well socio cultural events (sports, local cultural days, among other youth and family recreational activities) that bring community members together in positive interactions and restore feelings of normalcy at the community level.

31,500 individuals

Debris management

6,790,934

Debris Management through a labor intensive community-based approach and environmentally friendly solutions.

11,700 individuals

Support the self-reliance of vulnerable households, with a focus on female-headed households

Strengthen the coping mechanisms of affected people and vulnerable groups through the rehabilitation and restoration of disrupted livelihoods and social protection schemes.

3,000 individuals

Rehabilitation of critical community infrastructure

Repair and rehabilitation of essential community infrastructure by engaging vulnerable displaced populations and host community members in the process through cash for work (CfW) schemes.

17,850 individuals

Camp Coordination and Camp Management (CCCM)

16,104,000

funding requested

Supporting 156,800 IDPs through:

1. Replacement of damaged tents in the IDP settlement (including transportation, graveling, distribution)
2. Procurement, warehousing, transportation and distribution of contingency stock of tents (including graveling)
3. Workshop for CCCM partners on needs assessment and tent distribution
4. Vocational training in the IDP settlements and collective centers
5. Capacity building and mentoring for the implementing partners

Coordination

7,500,000

funding requested

Needs assessment and displacement tracking

Baseline data, mobility tracking and multi-sector assessments conducted across all 14 governorates on a reoccurring basis and shared with all partners; Alert system is in place and allows for real time sharing of information on incidents; Ad hoc thematic/sectoral surveys conducted in coordination with clusters.

13,500,000 displaced, returnees and affected population in Syria

Establishment and running of training centers for partners working in Northern Syria

1,500,000

Establishment of 2 training centers and day to day running and maintenance of the centers including liaison with NGOs/UN and border authority, transportation to and from the training centers.

4,800 Syrian NGOs staff and other humanitarian partners providing training and capacity building.
**Water, Sanitation and Hygiene (WASH)**

**WASH services to displaced and affected families in Syria**
Emergency support to people in need including hygiene awareness as well as provision of sustainable solutions to support WASH infrastructure in Syria in coordination with partners including capacity building to local partners to sustain services beyond IOM intervention. *1,786,370 individuals*

- Funding requested: **7,098,522**

**Protection**

**Facilitate civil documentation in Syria**
Needs Assessments, capacity building trainings, and provision of equipment in coordination with protection cluster. *100 individuals (duty bearers)*

- Funding requested: **2,396,800**

**Humanitarian evacuation assistance**
As the situation in Syria continues to increase in its complexity, IOM continues to identify pockets of stranded migrants in need of evacuation assistance. *600 migrants*

- Funding requested: **1,150,464**

**Refugee family reunification, identification and referral of most at risk cases and direct assistance to the most in need (focus on gender-based violence victims, unaccompanied and separated children, victims of trafficking)**

- Provision of a set of assistance services on the basis of requests and needs identified: stranded Syrians family members of refugee requesting family reunification visas; capacity building of Syrian NGOs in mainstreaming GBV, Child protection, counter-human trafficking and protection; support in referral by these NGOs of at risk cases and direct assistance when needed in cooperation with protection partners. *600 individuals*

- Funding requested: **852,000**

**Psychosocial support (PSS) to crisis affected, displaced and migrant youth and their families inside Syria (Phase 2)**

- Supporting 50,200 individuals through:
  - Direct intervention initiatives and capacity consolidation
  - Mainstreaming psychosocial support in shelter, health and livelihood: Psychosocial inductions on mental health and psychosocial considerations will be conducted to shelter teams and health workers

- Funding requested: **663,716**

**Support street children and children forced to work**
Livelihood and educational support to the most vulnerable youth and their families as a preventative measure against the forced involvement of youth in acts of violence and reduces their risk exploitation and abuse. *750 individuals*

- Funding requested: **575,616**

**Addressing trafficking in persons in Syria**
Capacity building and prevention to assist in efforts to combat human trafficking and ensure the protection of at risk and affected populations. *200 individuals*

- Funding requested: **319,574**

**Displacement-induced Land, Housing and Property (HLP) issues caused by the Syria Crisis: mapping and analysis**

- Desk review of existing HLP-relevant legislation, institutions and judicial processes in Syria; Assessment study of HLP issues among Syrian refugees and IDPs regarding land and property left behind in Syria; Preparation of training module on Land Rights and Shelter Due Diligence Guidelines for IOM staff and implementing partners, including the translation of Guidelines into Arabic. *50 partners*

- Funding requested: **251,450**

**Health**

**Support to health services and health infrastructure**
- Access to primary and secondary healthcare as well as targeted assistance to people with disability
- Structural rehabilitation of hospitals and health centers including upgrading WASH facilities
- Procurement, storing and provision of ambulances and other necessary equipment and supplies
- Disability support including provision of wheelchairs, crutches

- Funding requested: **5,039,942**

**Food Security**

**Livelihood Security and Community Economic Stabilization**
Provide skills/vocational training; Establishing training centers providing basic assistance in addition to economically productive activities concentrating on Women Empowerment; External referral of cases that require services out of the project scope to other humanitarian agencies and local institutions; Setting up short-term employment projects related to community revitalization and rehabilitation of public infrastructures. *12,600 IDPs and host community*

- Funding requested: **3,800,000**
**Logistics**

Common logistic support to cross border operations inside Syria through storage provision in Turkey (Gaziantep) and free of charge trucking service in Jordan (Ramtha crossing point).

Supporting 20 Humanitarian partners through:
- A minimum of 100 trucks available every month at Ramtha crossing point in Jordan for partners doing cross-border into Southern Syria
- 8,000 square meters of storage available in IOM’s warehouse in Gaziantep for partners responding to ongoing crisis in Northern Syria, including for prepositioning of emergency kits.

**Education**

Support "No Lost Generation" for Syrian children

Through rehabilitation of schools as well as provision of essential education supplies and kits. 26,000 individuals
LEBANON
IOM projects and funding requests under the Regional Refugee and Resilience Plan (3RP) 2016

$ 45,057,000
total funding requested

Social Stability

Community Support Projects
Implement 50 community support projects to address short term needs identified through participatory processes to reduce tensions.

Youth Initiatives
Implement 100 youth initiatives (summer camp, artistic activities, peacebuilding clubs, community campaigns, civil engagement for Lebanese only) to promote active involvement of youth in local communities. 10,000 participants from displaced Syrians and host community members

Capacity support to Municipalities
Provide capacity support (training and staffing support) to 20 municipalities to deliver services aiming at alleviating resource pressure and reducing tensions.

Delivery of municipal services
Support the delivery of 10 municipal services identified through participatory processes to reduce tensions.

Strengthen local civil society
Strengthen local civil society role at community level. 15 CSOs

Initiatives to mitigate tensions and contribute to the response
Support national Lebanese civil society structuration to conduct joined initiatives to mitigate tensions and contribute to the response. 10 NGOs

Livelihoods

Implementation of (paid) internship, on-the-job training or apprenticeship programmes
Implementation of (paid) internship, on-the-job training or apprenticeship programmes for youth within Lebanese entities. 500 displaced Syrians and host community members

Improve environmental assets
Improve environmental assets (irrigation canals, agricultural roads, rainwater harvesting, forestation, reforestation, cleaning, pruning, felling, cleaning of drainage, replenishment of nurseries, canals and rivers for flood prevention, construction of flood mitigation reservoirs and structures such as contour walls, check dams, and plant green areas in order to reduce flood risk, etc.). 2,500 displaced Syrians and host community members

Upgrade public and municipal infrastructure
Upgrade public and municipal infrastructure (road rehabilitation, public infrastructure upgrading, cleaning service, etc.). 2,000 displaced Syrians and host community members

Shelter

Weatherproofing of existing substandard makeshift shelter units within informal settlements and scattered locations
Distribution and installation of shelter weatherproofing kits to existing substandard makeshift shelter units within informal settlements and scattered locations. 25,000 displaced Syrians and host community members

Conditional cash for rent
Provision of cash for shelter grants to vulnerable households living in rented apartments, mainly to families with limited or no income, while prioritizing those at risk of eviction. 5,000 displaced Syrians and host community members

Weatherproofing and minor repair of substandard structures
Provision of emergency weatherproofing assistance through the installation of shelter sealing-off kits and insulation material, in addition to emergency water and sanitation upgrades. 2,500 displaced Syrians, Lebanese returnees and host community members

Rehabilitation/upgrading of substandard structures into collective centers
Supporting 1,000 displaced Syrians and host community members through rehabilitation of large private or public buildings into collective centers by ensuring adequate living conditions for vulnerable families who cannot afford to rent private apartments.

Site or infrastructure improvement of informal settlements
Provision of semi-permanent physical improvements of informal settlements aiming to improve living conditions, reduce health and safety risks, and enhance the resilience of the settlement’s population against seasonal hazards. 7,500 displaced Syrians and host community members

350,000
Implementation of pilot projects upgrading site and infrastructure conditions  
Implementation of pilot projects aiming to improve the access to basic urban services and infrastructure within poor and densely populated neighborhoods with high ratio of Syrian refugees, Lebanese returnees, and other vulnerable groups. 10,500 displaced Syrians, Lebanese returnees and host community members.  
Funding requested: 294,000

Rehabilitation /upgrading / repair of substandard structures into adequate shelters  
Implementation of permanent physical improvements of privately-owned buildings and single shelter units to create adequate living conditions. 250 displaced Syrians, Lebanese returnees and host community members.  
Funding requested: 105,000

Shelter management of collective centers  
Provision of a full management mechanism in collective centers, mainly through the creation and training of collective center management committees. 500 displaced Syrians and host community members.  
Funding requested: 70,000

Strengthening the technical capacity of focal persons at municipal level to assist the shelter needs  
Strengthening the technical capacity of focal persons at municipal level, through provision of trainings and essential equipment, to assist the shelter needs of displaced populations and other vulnerable groups. Displaced Syrians and host communities in 7 municipalities.  
Funding requested: 28,000

Protection  
Funding requested: 5,460,000

Institutional support  
Staffing and equipment support to 3 border posts and 4 Social Development Centers (SDC) of the Ministry of Social Affairs. Displaced Syrians and host communities comprised of 7 projects.  
Funding requested: 3,200,000

Capacity building (training, coaching)  
Training and technical guidance to 800 Border and Ministry officials; CCCM training to 400 individuals in Collective Sites. 1,600 displaced Syrians and host community members.  
Funding requested: 700,000

Profiling of Lebanese Returnees  
Continue to support the Government of Lebanon (GoL) in registering and profiling 50,000 vulnerable Lebanese returnees from Syria to include unreached or newly arriving returnees. 30,000 beneficiaries.  
Funding requested: 500,000

Service provision through Community Centers  
Psycho-social services, recreational activities, protection services, counselling on services, outreach, etc. offered through Community Development Centers. 20,000 displaced Syrians and host community members.  
Funding requested: 400,000

Research & Advocacy  
Conduct 2 researches on protection issues and trends (including academic institutions), reports, press releases, manuals, events and advocacy on protection, including access to territory. 2 studies/publications on displaced Syrians and host communities.  
Funding requested: 200,000

Community awareness and outreach  
Awareness raising and information sessions for groups/communities on available services provided by community focal points, Collective Sites Management and Coordination (CSMC) committees, Palestinian Refugees from Syria (PRS) volunteers etc. 15,000 displaced Syrians and host community members.  
Funding requested: 200,000

Support and capacity building of community members  
Support and capacity building of community members (individuals and committees) to identify and respond to protection concerns. 100 beneficiaries.  
Funding requested: 200,000

Case management  
Case management and individual counselling for 100 beneficiaries with specific needs (except children and SGBV survivors) at medium or high risk. 100 beneficiaries.  
Funding requested: 60,000

Basic Assistance  
Funding requested: 5,100,000

Winter cash grants  
Provision of winterization cash grants via debit cards to allow vulnerable Lebanese returnees from Syria and Syrian refugees to better prepare for the cold months through purchasing fuel for heating and other basic winter-related needs. 20,000 displaced Syrians and Lebanese returnees.  
Funding requested: 2,400,000

Provide multi-purpose/sector cash transfers  
Provision of multi-purpose cash grants via debit cards to socio-economic vulnerable Syrian refugees, Lebanese returnees from Syria, and host communities. 5,000 displaced Syrians, Lebanese returnees and host community members.  
Funding requested: 2,300,000

In-kind winter NFI assistance  
Distribution of blankets and other in-kind assistance to reduce the effects of seasonal hazards on vulnerable households. 20,000 displaced Syrians and host community members.  
Funding requested: 340,000

Socio-economic vulnerability profiling  
Conduct household-level visits to assess the socio-economic vulnerability of Syrian refugees, Lebanese returnees from Syria, and host communities: 5,000 displaced Syrians, Lebanese returnees and host community members.  
Funding requested: 60,000
Health

Provide medical consultations through primary health care
Provide medical consultations to 84,000 beneficiaries (displaced Syrians, Lebanese returnees and host communities) at IOM-supported Primary Health Care centers (PHCs) in the South, Bekaa and North, including antenatal care (ANC), maternal and child health care, and consultations for non-communicable diseases (NCDs).

Provide financial support to access diagnostic services
Provide financial support for 30,000 beneficiaries (displaced Syrians and host communities) to access diagnostic services at IOM-supported Primary Health Care centers (PHCs) in the South, Bekaa and North, and other selected health facilities.

Provide financial support to access hospital services
Provide financial support for 300 beneficiaries (displaced Syrians and host communities) to access hospital services, particularly for care and diagnostics of tuberculosis (TB) in coordination with the National Tuberculosis Programme (NTP) under the Ministry of Public Health (MoPH).

Provide sufficient chronic disease medication
Provide sufficient chronic disease medications for 11,000 beneficiaries (displaced Syrians and host communities) at IOM-supported Primary Health Care centers (PHCs) in the South, Bekaa and North.

Provide sufficient acute disease medication
Provide sufficient acute disease medications for 31,000 beneficiaries (displaced Syrians and host communities) at IOM-supported Primary Health Care centers (PHCs) in the South, Bekaa and North.

Support for key staff for MoPH
Support 30 key staff (doctors, nurses, laboratory technicians, radiology technicians and treatment follow-up workers) for MoPH, particularly for the National Tuberculosis Programme (NTP).

Provision of essential trainings for MoPH staff
Provision of essential trainings for 60 MoPH staff, particularly on issues related to TB and related topics.
