

DISPLACEMENT IN MARIB

25 MARCH 2020

SITUATION OVERVIEW

Following a spike in conflict activities on 21 January, displacements continue from Sana'a, Marib and Al Jawf governorates, forcing close to 7,000 households (HHs) to flee. Majzar in Marib governorate is the district where the highest number of displaced people originated, while Al Hazam district in Al Jawf governorate is a close second. People are mostly moving – around 95 per cent of displaced HHs - to Marib city, Marib Al Wadi, Raghwan and Medghal districts in Marib governorate.

Displacement numbers are likely to be higher, as movements remain fluid amidst a volatile environment. Internally displaced persons (IDPs) are in need of safe shelters, essential aid items, emergency health care, clean water and safe sanitation and food. Since 21 January, IOM and partners have ensured that over 30,000 IDPs – close to 70 per cent of the newly displaced – have received these critical supplies.

DISPLACEMENT TRENDS

6,439 NEWLY DISPLACED HHs REGISTERED FOR RRM

RESPONSE HIGHLIGHTS¹

 **31,752**
Newly displaced persons supported

 **4,556**
RRM kits distributed

 **2,000**
ESKs and NFIs distributed

 **732,380**
Litres of safe drinking water provided

¹All response figures cover the period from 21 January to 25 March 2020, unless otherwise stated.

RESPONSE

IOM has been operating in Marib since 2019 and has a team of 14 international and nearly 50 national support and programme staff. As the lead of the CCCM and S-NFI sub-national clusters, and co-lead of the WASH sub-national cluster, IOM is scaling up humanitarian assistance with partners across Marib.

CAMP COORDINATION & CAMP MANAGEMENT (CCCM)

- **Mobile Operations Centre effective** in Marib city to coordinate response activities, and in response to the heightened displacement from Al Jawf.
- **280 tents repaired** in Al Khair and Al Mil camps. IOM conducted site assessments to ascertain damages caused by storms, affecting newly displaced people in Sirwah and Medghal districts.

SHELTER & NON-FOOD ITEMS (S-NFI) AND RAPID RESPONSE MECHANISM (RRM)

- **Registration centre in Marib city relocated** to a new location as part of efforts to reach more newly displaced people.
- **4,536 RRM kits** distributed and 2,324 people received cash transfers.
- **2,000 emergency shelter kits (ESK) and non-food items (NFI) kits** distributed by IOM and partners.

HEALTH

- **2,782 newly displaced people** provided with emergency health services in 20 sites through four IOM mobile medical teams and one static clinic.
- **345 children under the age of 5 years screened for malnutrition**; 90 of them were referred for nutritional support.

PROTECTION

- **277 protection interviews** conducted as part of protection screening activities.
- **293 cases referred** to IOM teams and other service providers (food, S-NFI, PSS, legal assistance, health); 57 households referred for RRM and MPCA assistance.
- **2 protection risk assessments** conducted in two new IDP hosting sites.

CLUSTER RESPONSE

Activities are being coordinated through the CCCM, S-NFI, WASH, Health, RRM and Logistics Clusters at the national and sub-national level.

- The sub-national S-NFI, CCCM and WASH Clusters in Marib are actively coordinating the emergency response, in close partnership with the Executive Unit and UN partners.
- The sub-national health cluster in Marib, led by IOM, is working with the Ministry of Public Health and Population (MoPHP) and the governorate's health office to develop a COVID-19 preparedness plan, taking into consideration the new waves of displacement.

WATER, SANITATION & HYGIENE (WASH)

- **Average of 25,000 litres** of safe drinking water trucked per day to three IDP hosting sites. IOM has distributed a total of 732,380 litres of safe drinking water since 27 January.
- **498 family tanks (500L each)** distributed. IOM is providing water on a weekly basis for these tanks; 360,500 litres delivered since 19 February.
- **17 water points installed** in four sites in Marib Al Wadi and Sirwah districts. IOM is also supervising the installation of over 300 family latrines in these two districts.
- **26 emergency latrines** for 215 households completed (one latrine per 8 HH) constructed in Al Khair camp.
- **1,032 hygiene kits** and 140 jerrycans distributed in three sites, with an additional 1,218 hygiene kits prepositioned.
