Supply and delivery of IT equipment and provision of incidental services of design, installation and integration to the IT infrastructure of the State Border Guard Service of Ukraine

17 September 2019

The Bids Evaluation and Awards Committee (BEAC) of IOM Ukraine hereby issues Bid Bulletin No. 1619-03 to answer the following request for clarifications:

1. With regards to Annex 4 – List of technical trainings availed for proposed technical staff – is it required to provide links to online qualification exams? Should copies of training certificates be provided?

IOM’s Official Answer:
Applicants should provide descriptive information about technical trainings of their staff in form and to the extend provided in Annex 4 to the Prequalification Instruction #UA1-2019-1619.
For all trainings of all staff listed in Annex 4 copies of training certificates shall be provided.

2. What information is required in paragraph 2 of Annex 5 – Vendor Information Sheet (List of Relevant Projects According to Contract Value. Include at least 1 on-going project)?

IOM’s Official Answer:
Applicants are required to list down all similar projects previously implemented by their company, regardless of project’s value but similar to the nature of supplied goods / provided services. Preferably, projects should be indicated in descending order.

BEAC takes this opportunity to inform all potential Applicants about extension of the bids submission deadline until 14:00 EEST, 27 September 2019. Revised Prequalification Instruction is now available to download.
