Failure of the bidder to comply with the request may result in the rejection of its bid.</p> <p>For bids that have passed the preliminary examination, IOM shall check and correct arithmetical errors as follows:</p> <ul style="list-style-type: none"> a) if there is a discrepancy between the unit price and the line-item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of IOM there is an obvious misplacement of the decimal point in the unit price; in which case, the line-item total as quoted shall govern and the unit price shall be corrected; b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail, and the total shall be corrected; and c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail. <p>If the bidder that submitted the lowest evaluated bid does not accept the correction of errors, its bid shall be rejected, and its bid security may be forfeited.</p>
44. Right to accept any bid and to reject any or all bids	IOM reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to contract award, without thereby incurring any liability to the affected bidder or bidders or any obligation to inform the affected bidder or bidders of the grounds for IOM's action. IOM shall not be obliged to award the contract to the lowest priced offer.
45. Samples	Where required as per Section 5: Schedule of Requirements, free, non-returnable samples shall be provided by the bid submission deadline for evaluation and testing by IOM or their representative, of the item and/or the packing and packaging, prior to any award. Samples will

	<p>be subject to technical review and laboratory analysis where appropriate. Samples provided to IOM are non-returnable unless otherwise stated. Samples should be marked with the ITB number.</p> <p>If a bidder fails to provide samples or documents requested by IOM in a timely manner, IOM may declare the bid unsuccessful.</p>
AWARD OF CONTRACT	
46. Award criteria	In the event of a Contract award, IOM shall award the contract to a bidder who has been determined as eligible and qualified and whose bid has been determined to be the lowest-priced, substantially compliant offer to the ITB. IOM reserves the right to conduct negotiations with the bidder recommended for the award on the content of their bid.
47. Right to vary requirement at time of award	At the time the Contract is awarded, IOM reserves the right to increase or decrease the quantity of goods, works and/or services originally specified in Section 5: Schedule of Requirements, provided this does not exceed the percentages specified in Section 3 Data Sheet, and without any change in the unit prices or other terms and conditions of the bid and the bidding document.
48. Notification of award	Prior to the expiration of the period of bid validity, IOM will notify the successful bidder in writing by email, fax or post, that its bid has been accepted. Please note that the bidder, if not already registered at the appropriate level in UNGM, will be required to complete the vendor registration process on the UNGM prior to the signature and finalization of the contract.
49. Debriefing	In the event that a bidder is unsuccessful, the bidder may request a debriefing from IOM. The purpose of the debriefing is to discuss the strengths and weaknesses of the bidder's submission, in order to assist the bidder in improving its future bids for IOM procurement opportunities. The content of other bids and how they compare to the bidder's submission shall not be discussed.
50. Performance security	<p>The successful bidder, if so specified in Section 3: Data Sheet shall furnish performance security in the amount and form specified therein, within the specified number of days after receipt of the contract from IOM. Banks issuing performance securities must be acceptable to the IOM controller, i.e. banks certified by the central bank of the country to operate as a commercial bank. IOM shall promptly discharge the bid securities of the unsuccessful bidders pursuant to Article 19 (Bid Security).</p> <p>Failure of the successful bidder to submit the above-mentioned performance security or sign the contract shall constitute sufficient grounds for the annulment of the award and forfeiture of the bid security. In that event IOM may award the contract to the next lowest evaluated bidder, whose offer is substantially responsive and is determined by IOM to be qualified to perform the contract satisfactorily.</p>
51. Bank guarantee for advance payment	Except when the interests of IOM so require, it is IOM's standard practice not to make advance payment(s) (i.e., payments without having received any outputs). If an advance payment is allowed as per Section 3: Data Sheet, and if specified there, the bidder shall submit a Bank Guarantee in the full amount of the advance payment. Banks issuing bank guarantees must be acceptable to the IOM controller, i.e., banks certified by the central bank of the country to operate as a commercial bank.
52. Liquidated Damages	If specified in Section 3: Data Sheet, IOM shall apply Liquidated Damages for the damages and/or risks caused to IOM resulting from the Contractor's delays or breach of its obligations as per the Contract.
53. Proposal protest	Any proposer that believes to have been unjustly treated in connection with this proposal process or any contract that may be awarded as a result of such proposal process may submit a complaint to mscu@iom.int .

SECTION 6: CONDITIONS OF CONTRACT AND CONTRACT FORMS

6.1 Contract Form with General Conditions of Contract

Standard Terms and Conditions for Purchase Order

1. Agreement

Acceptance of this Purchase Order (PO) by the Supplier shall effect a contract between IOM and the Supplier (each, a "Party" and jointly, the "Parties"). The Supplier's acknowledgement of the PO, delivery of any goods under the PO, or acceptance of any payment shall constitute acceptance of the PO. The rights and obligations of the Parties shall be governed solely by the PO which shall include the Standard Terms & Conditions and any Annexes (collectively, the "Agreement"). No additional or inconsistent provisions proposed by the Supplier shall bind IOM unless agreed to in writing by a duly authorized IOM official. In the event of a conflict between the terms of any Annex to the PO and the Standard Terms & Conditions, the Standard Terms & Conditions shall prevail. The Supplier agrees to provide the goods as described in the PO in accordance with the Standard Terms & Conditions and any Annexes.

2. PO Identification

The PO number must appear on all invoices, bills of lading, packing slips, cartons, and correspondence.

3. Delivery

Time is of the essence in the performance of this Agreement. If the Supplier fails to make available or provide the goods within the delivery schedule stated on this PO, together with associated shipment documentation (including, without limitation, bills of lading, airway bills and commercial invoices) as are specified in the Agreement or otherwise as are customarily utilized in the trade, IOM reserves the right to (a) cancel the PO without liability and charge to the Supplier for any costs incurred as a result of Supplier's failure to delivery within the delivery schedule specified, and (b) without prejudice to other remedies under this PO, deduct liquidated damages for delay. The amount of such liquidated damages shall be 0.1% of the value of the total value of goods per day or part thereof up to a maximum of 10% of the total value of the goods. IOM shall have the right to deduct such amount from the Supplier's outstanding invoices, if any. Such liquidated damages shall only be applied when delay is caused solely by the default of the Supplier. Acceptance of goods delivered late shall not be deemed a waiver of IOM's rights to hold the Supplier liable for any loss and/or damage resulting therefrom, nor shall it act as a modification of the Supplier's obligation to deliver further goods in accordance with the Agreement.

4. Payment

Supplier shall invoice IOM upon delivery of the goods and payment shall be made within the period stated in the "Terms of Payment" of the PO, after receipt of the invoice, proof of dispatch and any other documents specified in the Agreement.

5. Adjustments

IOM reserves the right to change at any time the quantity, packaging, unit size, place and/or time of delivery. Supplier agrees to proceed with this PO in accordance with any such change(s) and to submit a claim request for an equitable adjustment in the PO price or delivery term caused by such change(s). Any claim by Supplier for equitable

adjustments under this clause shall be invalid unless communicated in writing within 10 calendar days from receipt by Supplier of IOM's change(s). No change in, modification of, or revision to this PO shall be valid unless in writing and signed by an authorized representative of IOM.

6. Packaging

Supplier must provide proper and adequate packaging in accordance with best commercial practice, to ensure that the goods being delivered to IOM will be free of damage.

Packaging must be adequate to allow for rough handling during transit, exposure to extreme temperatures, salt and precipitation during transit and open storage, with consideration for the type of goods and transportation mode. IOM reserves the right to reject any shipment that is deemed not to have been packaged adequately.

7. Inspection and Acceptance

(a) IOM or its representative shall have the right to inspect and/or test the goods at no extra cost to IOM at the premises of the Supplier, at the point of delivery or at the final destination. The Supplier shall facilitate such inspections/testing and provide required assistance.

Based on an inspection of a valid sample, IOM may reject the entire delivery. IOM may also charge the cost of inspecting rejected goods to the Supplier. (c) At the request of IOM, the Supplier will replace some or all rejected goods at the Supplier's cost (including transportation), or fully reimburse IOM for the price paid (including transportation) for the rejected goods. The Supplier shall bear the risk of loss, damage, or destruction of the goods in accordance with the Incoterm[®] (2020) provided in the PO. necessary to carry out fully and satisfactorily, within the stipulated completion period, the delivery of the goods in accordance with this PO;

individuals or entities associated with terrorism, it will inform IOM immediately which, shall determine an appropriate response. The Supplier shall ensure that

this requirement is included in all subcontracts.

8.2 The Supplier further warrants that:

(a) It shall take all appropriate measures to prevent actual, attempted or threatened sexual exploitation or abuse (SEA) by its employees or any other persons

the standards above and shall include them in all subcontracts.

9. Indemnification

The Supplier shall at all times defend, indemnify, and hold harmless IOM, its officers, employees, and agents from and against all losses, costs, damages and expenses (including legal fees and costs), claims, suits, proceedings, demands and liabilities of any kind or nature to the extent arising out of or resulting from acts or omissions of the Supplier or its employees, officers, agents or subcontractors, in the performance of this Agreement. termination.

(b) If IOM terminates this PO in whole or in part for default on the part of the Supplier, it may acquire elsewhere substitute goods of a similar kind to those which were the subject of the terminated part of the PO and Supplier shall be liable for any excess costs to IOM for the delivery of those goods provided that the Supplier shall not be liable for any excess costs if the failure to perform under this PO arises from force majeure.

(c) Neither Party will be liable for any delay in performing or failure to perform any of its obligations under this Agreement if such delay or failure is caused by force majeure, which means any unforeseeable and irresistible act of nature, any act of war (whether declared or not), invasion, revolution, insurrection, terrorism, blockade or embargo, strikes, Governmental or state restrictions, natural disaster, epidemic, public health crisis, and any other circumstances which are not caused by nor within the control of the affected Party. As soon as possible after the occurrence of a force majeure event which impacts the ability of the affected Party to comply with its obligations under this Agreement, the affected Party will give notice and full details in writing to the other Party of the existence of the force majeure event and the likelihood of delay. On receipt of such notice, the unaffected Party shall take such action as it reasonably considers appropriate or necessary in the circumstances, including granting to the affected Party a reasonable extension of time in which to perform its obligations. During the period of force majeure, the affected Party shall take all reasonable steps to minimize damages and resume performance. IOM shall be entitled without liability to suspend or terminate the Agreement if the Service Provider is unable to perform its obligations under the Agreement by reason of force majeure. In the event of such suspension or termination, the provisions on Termination herein shall apply.

11. Independent Contractor

The Supplier shall supply goods pursuant to this PO as an independent contractor and not as an employee, partner, or agent of IOM.

12. Audit

The Supplier agrees to maintain records, in accordance with sound and generally accepted accounting procedures, of all direct and indirect costs of whatever nature involving transactions related to the provision of services under this Agreement. The Supplier shall make all such records available to IOM or the IOM's designated representative at all reasonable times until the expiration of seven (7) years after the date of final payment, for inspection, audit, or reproduction for the purpose of verifying services or quantities delivered, or the right of Supplier to any price adjustment or extra charge claimed under this PO. In the event that the dispute, controversy or claim has not been resolved by negotiation within 3 (three) months of receipt of the notice from one party of the existence of such dispute, controversy or claim, either Party may request that the dispute, controversy or claim is resolved by conciliation by one conciliator in accordance with the UNCITRAL

Conciliation Rules of 1980. Article 16 of the UNCITRAL Conciliation Rules does not apply.

In the event that such conciliation is unsuccessful, either Party may submit the dispute, controversy or claim to arbitration no later than 3 (three) months following the date of

termination of conciliation proceedings as per Article 15 of the UNCITRAL Conciliation Rules. The arbitration will be carried out in accordance with the 2010 UNCITRAL

arbitration rules as adopted in 2013. The number of arbitrators shall be one and the language of arbitral proceedings shall be English, unless otherwise agreed by the Parties

in writing. The arbitral tribunal shall have no authority to award punitive damages. The arbitral award will be final and binding.

This Agreement as well as the arbitration agreement above shall be governed by the terms of the Agreement and supplemented by internationally accepted general

principles of law for the issues not covered by the Agreement, to the exclusion of any single national system of law that would defer the Agreement to the laws of any given

jurisdiction. Internationally accepted general principles of law shall be deemed to include the UNIDROIT Principles of International Commercial Contracts. Dispute resolution

shall be pursued confidentially by both Parties. This Article survives the expiration or termination of this Agreement.

14. Confidentiality

All information which comes into the Supplier's possession or knowledge in connection with this Agreement is to be treated as strictly confidential. The Supplier should not

communicate such information to any third party without the prior written approval of IOM. The Supplier shall comply with IOM Data Protection Principles in the event that it

collects, receives, uses, transfers or stores any personal data in the performance of this PO. These obligations shall survive the expiration or termination of this PO.

15. Use of IOM Name, Abbreviation and Emblem

The Supplier shall not be entitled to use the name, abbreviation or emblem of IOM without IOM's prior written authorisation. The Supplier acknowledges that use of the IOM

name, abbreviation and emblem is strictly reserved for the official purposes of IOM and protected from unauthorized use by Article 6ter of the Paris Convention for the

Protection of Industrial Property, revised in Stockholm in 1967 (828 UNTS 305 (1972)).

16. Status of IOM

Nothing in or relating to this PO shall be deemed a waiver, express or implied, of any of the privileges and immunities of the International Organization for Migration as an

intergovernmental organization.

17. Assignment and Subcontracting

The Supplier shall not assign or subcontract the PO or any work under this PO in whole or it part, unless agreed upon in writing in advance by IOM. Any subcontract entered

into by the Supplier without approval in writing by IOM may be cause for termination of the PO.

18. Waiver

Failure by either Party to insist in any one or more instances on a strict performance of any of the provisions of this PO shall not constitute a waiver or relinquishment of the

right to enforce the provisions of this PO in future instances, but this right shall continue and remain in full force and effect.

19. Severability

If any part of this PO is found to be invalid or unenforceable, that part will be severed from this PO and the remainder of the PO shall remain in full force.
