

OVERVIEW

As of 30 April, there were 107,645 people who fled Ukraine are recorded in the country (6% of whom are Third Country Nationals) according to the data provided by the General Inspectorate of Border Police.

Two new ambulances, 45 pulse oximeters, 22 electrocardiographs and 315 headlamps were donated to the National Centre for Pre-hospital Emergency Medical Assistance. The ambulances and equipment were purchased by the International Organization for Migration Mission to Moldova, with the financial support of the Government of the United States of America, within the framework of the project "Humanitarian Assistance in Ukraine and Neighboring Countries".

During the reporting period, IOM Moldova handed over to the General Inspectorate of Police, equipment totalling over USD 500,000, which includes cars, inspection kits and mobile work stations.

During the month of April, IOM Moldova provided humanitarian transport, shelter, non-food items, cash, protection and health assistance to over **2,000** refugees, third-country nationals and Moldovan host communities.

SooCookie coffee and bakery
© IOM Moldova

SooCookie is a Moldovan company that manages a small café and pastry shop in Chisinau with the support of the IOM Livelihoods Team's program funded by the U.S. to support local micro-enterprises which hire refugees from Ukraine. The coffee shop was offered financial support to buy all the necessary equipment and to renovate the working space.

The founder, Elena, thanks to the expansion of the company, hired Daniil, a young Ukrainian refugee to assist her with the shop as a barista.

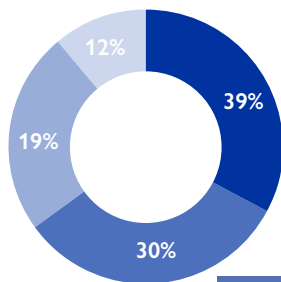

In terms of migration flows, the situation remained stable in the country throughout the month of April, with steady numbers of daily crossings both ways at the border crossing points with Ukraine. People coming from Ukraine who needed transportation continued to use the available transport options into Europe and beyond, and the assistance options available in Moldova.

In April 2023, Moldova has seen **16,428 people** enter from Ukraine (of whom 83% are Ukrainians and 17% are third-country nationals). There was an increase of 17 per cent of people entering as compared to the month of March 2023.

In April alone, **11,817 people** exited Moldova towards Ukraine and Romania through border crossing points and **4,235 exited by flight** to EU Member States or to their country of origin.

IOM'S OPERATIONAL ACTIVITIES IN THE REPUBLIC OF MOLDOVA (AS OF 01 FEBRUARY 2023)

As the leading UN agency working on migration, IOM is committed to protecting and assisting those displaced or stranded by crisis and supporting populations and their communities to recover. We work to mitigate adverse drivers that force people from their homes, help build resilience and focus on reducing disaster risk so that movement and migration can be a choice. IOM in Moldova provides a comprehensive response to the humanitarian needs of migrants, refugees and other people affected by the conflict in Ukraine, returnees, and Moldovan host communities.
