AWARD OF CONTRACT	
42. Award criteria	Prior to expiration of the proposal validity, IOM shall award the Contract to the qualified proposer based on the award criteria indicated in Section 3: Data Sheet.
43. Right to vary requirement at time of award	At the time the contract is awarded, IOM reserves the right to increase or decrease the quantity of services originally specified in Section 5: Terms of Reference, provided this does not exceed the percentages specified in Section 3 Data Sheet, and without any change in the unit prices or other terms and conditions of the proposal and the solicitation document.
44. Notification of award	Prior to the expiration of the period of proposal validity, IOM will notify the successful proposer in writing by email, fax or post, that its proposal has been accepted. Please note that the proposer, if not already registered at the appropriate level in UNGM, will be required to complete the vendor registration process on the UNGM prior to the signature and finalization of the contract.
45. Debriefing	In the event that a proposer is unsuccessful, the proposer may request a debriefing from IOM. The purpose of the debriefing is to discuss the strengths and weaknesses of the proposer's submission, in order to assist the proposer in improving its future proposals for IOM procurement opportunities. The content of other proposals and how they compare to the proposer's submission shall not be discussed.
46. Performance security	<p>The successful Proposer, if so specified in Section 3: Data Sheet shall furnish a Performance Security in the amount and form specified therein, within the specified number of days after receipt of the Contract from IOM. Banks issuing performance securities must be acceptable to the IOM comptroller, i.e. banks certified by the central bank of the country to operate as a commercial bank. IOM shall promptly discharge the proposal securities of the unsuccessful proposers pursuant to Article 17 (Proposal security).</p> <p>Failure of the successful proposer to submit the above-mentioned Performance Security or sign the Contract shall constitute sufficient grounds for the annulment of the award and forfeiture of the proposed security. In that event IOM may award the contract to the next lowest ranked proposer.</p>
47. Bank guarantee for advance payment	Except when the interests of IOM so require, it is IOM's standard practice not to make advance payment(s) (i.e., payments without having received any outputs). If an advance payment is allowed as per Section 3: Data Sheet, and if specified there, the proposer shall submit a Bank Guarantee in the full amount of the advance payment. Banks issuing bank guarantees must be acceptable to the IOM comptroller, i.e., banks certified by the central bank of the country to operate as a commercial bank.
48. Liquidated Damages	If specified in Section 3: Data Sheet, IOM shall apply Liquidated Damages for the damages and/or risks caused to IOM resulting from the Contractor's delays or breach of its obligations as per the Contract. The payment or deduction of such liquidated damages shall not relieve the Contractor from any of its other obligations or liabilities pursuant to any current contract or purchase order.
49. Proposal protest	Any proposer that believes to have been unjustly treated in connection with this proposal process or any contract that may be awarded as a result of such proposal process may submit a complaint to mscu@iom.int

 - This will be reviewed by IOM colleagues at Country and Regional level, who may have relevant resources to share in line with the assignment.
 - The methodology should include the list of communities (four at risk of relocation and two to be impacted by an incoming relocation) in which research will be conducted. IOM will directly support and review the selection process of the communities, as well as facilitate coordination with relevant government counterparts, including the Ministry of Lands, Housing and Survey (MLHS), the Ministry of Environment, Climate Change, Disaster Management and Meteorology (MECDM) and the Office of the Prime Minister (OPM), and provincial governments.
 - The workplan should outline key deliverables and the means of achieving them.
 - Support IOM as necessary to present the approved methodology and work plan to relevant government counterparts.
- Primary data collection and analysis:
 - Develop tools for data collection, including Focus Group Discussions (FGDs), Key Informant Interviews (KIIs) and surveys, for the targeted communities and government counterparts. The tools will be reviewed and approved by IOM colleagues at Country and Regional level. IOM will share the tools with government partners for feedback.
 - Provide guidance on data collection for IOM staff.
 - Participate in data collection at the community level for at least two communities, including one at risk of relocation and one in close proximity to an identified relocation site.
 - IOM will organize the logistics of the community visits, including finalizing dates, venues and relevant expenditures (such as catering).

¹ A copy of the Implementation Recommendations Report can be made available upon request.

- IOM will organize a validation workshop in Honiara for national and provincial stakeholders for a final review of the SOPs and to ensure buy-in by key stakeholders. IOM will assume responsibility for inviting partners and for all costs associated with venue and travel of provincial participants.
- The consultant(s) will facilitate the in-person validation workshop with the purpose of receiving input from partners. The workshop will take place over two days.

Revise the training package based on review by IOM and relevant government partners.

1. Background Information

Solomon Islands is one of the most environmentally fragile countries in the world, being highly vulnerable to both hydrometeorological and geophysical disasters that include cyclones, floods, droughts, earthquakes, tsunamis, landslides, and volcanoes, as well as the slow-onset impacts of climate change. Over the years, the severity of these impacts has intensified, placing considerable stress on the resilience of communities in Solomon Islands and contributing to increased fragility. In the context of these slow-onset and sudden-onset disasters there are communities in every province of the Solomon Islands that are vulnerable to climate and disaster related displacement. As a result of this, some communities have already had to relocate, and it is likely that more will have to do so in future.

“Strengthening Resilience Against Disaster and Climate Change Related Fragility in Solomon Islands” will contribute towards addressing disaster and climate change related fragility and improved national and community resilience in the Solomon Islands. Towards this objective, the Korea International Cooperation Agency (KOICA)-funded project will ensure that communities that are at risk of slow onset disasters will be supported by rights-based and inclusive Standard Operating Procedures on planned relocation and by trained government stakeholders. The SOPs will ensure that communities that are at risk of slow onset disasters will be supported by rights-based and inclusive relocation procedures. This will contribute to ensuring that relocation can be undertaken in a rights-based way that achieves durable solutions for both relocating and host communities.

In 2021 to 2022, the International Organization for Migration (IOM) supported the Solomon Island Government (SIG) to develop Planned Relocation Guidelines, which were endorsed by Cabinet in August 2020. These Guidelines provide for the voluntary, planned and coordinated movement of people to suitable locations, away from risk-prone areas, where they can enjoy their rights under customary, national and international law, fulfilment of which is necessary for relocation to be durable. Specifically, the purpose of the Guidelines is to:

- Set out an inclusive, consultative and participatory process to ensure community engagement in and ownership of the relocation process
- Contribute to existing social safeguards to prevent, reduce, mitigate and/or compensate for the unintended negative impacts of relocation

- Provide a coordination mechanism to ensure a multi-sectoral approach and collaboration of all stakeholders.
- Establish clear and inclusive procedures that retain the flexibility required in the context of Solomon Islands

A copy of the Planned Relocation Guidelines 2022 can be found through the following link:

<https://roasiapacific.iom.int/sites/g/files/tmzbd1671/files/documents/2023-03/Solomon%20Islands%20Planned%20Relocation%20Guidelines.pdf>

The project and the development of the SOPs will be conducted in close coordination with relevant national and provincial government partners, including the Ministry of Lands, Housing and Survey (MLHS), the Ministry of Environment, Climate Change, Disaster Management and Meteorology (MECDM), and the Office of the Prime Minister and the Cabinet (OPMC).

The SOPs will include legal obligations and rights for different government, non-government and community-based entities. As such, the proposal should showcase the applicant's capacity to draft legal documents, analyze legislative policies and ministerial mandates, as well as coordinate with government ministries. Moreover, effectively balancing the legal obligations and rights of multiple stakeholders will be an important aspect of the SOPs.

2. Objective

- Develop the SOPs on Planned Relocation;
- Develop training material to strengthen the capacity of the Government of Solomon Islands to support implementation of the rights-based and inclusive relocation procedures;
- Host a two to three-day training session in Honiara to conduct a training and tabletop simulation exercise on applying the SOPs.

3. Outputs

Deliverables are expected to be submitted to IOM as follows:

Deliverable	Date Due	Percentage of Payment
Methodology and work plan	31 March 2024	10%
Primary data collection and analysis	31 October 2024	25%

5. Location and Duration

The assignment will be home-based, with limited travel to the Solomon Islands. The assignment is expected to be undertaken over approximately a 19 month period and will require an estimated 150 days' level of effort.

Consultants will be required to travel to Solomon Islands for primary data collection, validation workshop and delivery of training.

 - (d) Ensure that the SEA provisions are included in all subcontracts;
 - (e) Adhere to above commitments at all times.
- 4.4 The Service Provider expressly acknowledges and agrees that breach by the Service Provider, or by any of the Service Provider's employees, contractors, subcontractors or agents, of any provision contained in Articles 4.1, 4.2 or 4.3 of this Agreement constitutes a material breach of this Agreement and shall entitle IOM to terminate this Agreement immediately on written notice without liability. In the event that IOM determines, whether through an investigation or otherwise, that such a breach has occurred then, in addition to its right to terminate the Agreement, IOM shall be entitled to recover from the Service Provider all losses suffered by IOM in connection with such breach.

5. Assignment and Subcontracting

- 5.1 The Service Provider shall not assign or subcontract the activities under this Agreement in whole or in part, unless agreed in writing in advance by IOM. Any subcontract entered into by the Service Provider without approval in writing by IOM may be cause for termination of the Agreement.
- 5.2 Notwithstanding such written approval from IOM, the Service Provider shall not be relieved of any liability or obligation under this Agreement nor shall it create any contractual relation between any subcontractor and IOM. The Service Provider shall include in an agreement with a subcontractor all provisions in this Agreement that are applicable to a subcontractor, including relevant Warranties and Special Provisions. The Service Provider remains liable as a primary obligor under this Agreement, and it shall be directly responsible to IOM for any faulty performance under any subcontract. The subcontractor shall have no cause of action against IOM for any breach of the subcontract.

6. Delays, Defaults and Force Majeure

- 6.1 Time is of the essence in the performance of this Agreement. If the Service Provider fails to provide the Services within the times agreed to in the Agreement, IOM shall, without prejudice to other remedies under this Agreement, be entitled to deduct liquidated damages for delay. The amount of such liquidated damages shall be 0.1% of the value of the total Service Fee per day or part thereof up to a maximum of 10% of the Service Fee. IOM shall have the right to deduct such amount from the Service Provider's outstanding invoices, if any. Such liquidated damages shall only be applied when delay is caused solely by the default of the Service Provider. Acceptance of Services delivered late shall not be deemed a waiver of IOM's rights to hold the Service Provider liable for any loss and/or damage resulting therefrom, nor shall it act as a modification of the Service provider's obligation to perform further Services in accordance with the Agreement.
- 6.2 In case of failure by the Service Provider materially to perform under the terms and conditions of this Agreement, IOM may, after giving the Service Provider 30 days' written notice to perform and without prejudice to any other rights or remedies, terminate the Agreement with immediate effect without liability.

- 6.3 Neither Party will be liable for any delay in performing or failure to perform any of its obligations under this Agreement if such delay or failure is caused by force majeure, which means any unforeseeable and irresistible act of nature, any act of war (whether declared or not), invasion, revolution, insurrection, terrorism, blockade or embargo, strikes, Governmental or state restrictions, natural disaster, epidemic, public health crisis, and any other circumstances which are not caused by nor within the control of the affected Party.
- 6.4 As soon as possible after the occurrence of a force majeure event which impacts the ability of the affected Party to comply with its obligations under this Agreement, the affected Party will give notice and full details in writing to the other Party of the existence of the force majeure event and the likelihood of delay. On receipt of such notice, the unaffected Party shall take such action as it reasonably considers appropriate or necessary in the circumstances, including granting to the affected Party a reasonable extension of time in which to perform its obligations. During the period of force majeure, the affected Party shall take all reasonable steps to minimize damages and resume performance.
- 6.5 IOM shall be entitled without liability to suspend or terminate the Agreement if the Service Provider is unable to perform its obligations under the Agreement by reason of force majeure. In the event of such suspension or termination, the provisions of Article 17 (Termination) shall apply.

7. Independent Contractor

The Service Provider, its employees and other personnel as well as its subcontractors and their personnel, if any, shall perform all Services under this Agreement as an independent contractor and not as an employee or agent of IOM.

8. Audit

The Service Provider agrees to maintain financial records, supporting documents, statistical records and all other records relevant to the Services in accordance with generally accepted accounting principles to sufficiently substantiate all direct and indirect costs of whatever nature involving transactions related to the provision of Services under this Agreement. The Service Provider shall make all such records available to IOM or IOM's designated representative at all reasonable times until the expiration of 7 (seven) years from the date of final payment, for inspection, audit, or reproduction. On request, employees of the Service Provider shall be available for interview.

9. Confidentiality

- 9.1 All information which comes into the Service Provider's possession or knowledge in connection with this Agreement is to be treated as strictly confidential. The Service Provider shall not communicate such information to any third party without the prior written approval of IOM. The Service Provider shall comply with IOM Data Protection Principles in the event that it collects, receives, uses, transfers, stores or otherwise processes any personal data in the performance of this Agreement. These obligations shall survive the expiration or termination of this Agreement.

- 9.2 Notwithstanding the previous paragraph, IOM may disclose information related to this Agreement, such as the name of the Service Provider and the value of the Agreement, the title of the contract/project, nature and purpose of the contract/project, name and locality/address of the Service Provider and the amount of the contract/project to the extent as required by IOM's donors or in relation to IOM's commitment to any initiative for transparency and accountability of funding received by IOM in accordance with the policies, instructions and regulations of IOM.

10. Intellectual Property

All intellectual property and other proprietary rights including, but not limited to, patents, copyrights, trademarks, and ownership of data resulting from the performance of the Services shall be vested in IOM, including, without any limitation, the rights to use, reproduce, adapt, publish and distribute any item or part thereof.

11. Notices

Any notice given pursuant to this Agreement will be sufficiently given if it is in writing and received by the other Party at the following address:

12. Dispute Resolution

- 12.1. Any dispute, controversy or claim arising out of or in relation to this Agreement, or the breach, termination or invalidity thereof, shall be settled amicably by negotiation between the Parties.
- 12.2 In the event that the dispute, controversy or claim has not been resolved by negotiation within 3 (three) months of receipt of the notice from one party of the existence of such dispute, controversy or claim, either Party may request that the dispute, controversy or claim is resolved by conciliation by one conciliator in accordance with the UNCITRAL Conciliation Rules of 1980. Article 16 of the UNCITRAL Conciliation Rules does not apply.

- 12.3 In the event that such conciliation is unsuccessful, either Party may submit the dispute, controversy or claim to arbitration no later than 3 (three) months following the date of termination of conciliation proceedings as per Article 15 of the UNCITRAL Conciliation Rules. The arbitration will be carried out in accordance with the 2010 UNCITRAL arbitration rules as adopted in 2013. The number of arbitrators shall be one and the language of arbitral proceedings shall be English, unless otherwise agreed by the Parties in writing. The arbitral tribunal shall have no authority to award punitive damages. The arbitral award will be final and binding.
- 12.4 The present Agreement as well as the arbitration agreement above shall be governed by the terms of the present Agreement and supplemented by internationally accepted general principles of law for the issues not covered by the Agreement, to the exclusion of any single national system of law that would defer the Agreement to the laws of any given jurisdiction. Internationally accepted general principles of law shall be deemed to include the UNIDROIT Principles of International Commercial Contracts. Dispute resolution shall be pursued confidentially by both Parties. This Article survives the expiration or termination of the present Agreement.

13. Use of IOM Name, Abbreviation and Emblem

The Service Provider shall not be entitled to use the name, abbreviation or emblem of IOM without IOM's prior written authorisation. The Service Provider acknowledges that use of the IOM name, abbreviation and emblem is strictly reserved for the official purposes of IOM and protected from unauthorized use by Article 6ter of the Paris Convention for the Protection of Industrial Property, revised in Stockholm in 1967 (828 UNTS 305 (1972)).

14. Status of IOM

Nothing in or relating to the Agreement shall be deemed a waiver, express or implied, of any of the privileges and immunities of the International Organization for Migration as an intergovernmental organization.

15. Indemnity

The Service Provider shall at all times defend, indemnify, and hold harmless IOM, its officers, employees, and agents from and against all losses, costs, damages and expenses (including legal fees and costs), claims, suits, proceedings, demands and liabilities of any kind or nature to the extent arising out of or resulting from acts or omissions of the Service Provider or its employees, officers, agents or subcontractors, in the performance of this Agreement. IOM shall promptly notify the Service Provider of any written claim, loss, or demand for which the Service Provider is responsible under this clause. This indemnity shall survive the expiration or termination of this Agreement.

16. Waiver

Failure by either Party to insist in any one or more instances on a strict performance of any of the provisions of this Agreement shall not constitute a waiver or relinquishment of the right to enforce the

provisions of this Agreement in future instances, but this right shall continue and remain in full force and effect.

17. Termination

- 17.1 IOM may at any time suspend or terminate this Agreement, in whole or in part, with immediate effect, by providing written notice to the Service Provider, in any case where the mandate of IOM applicable to the performance of the Agreement or the funding of IOM applicable to the Agreement is reduced or terminated. In addition, IOM may suspend or terminate the Agreement upon thirty (30) days' written notice without having to provide any justification.
- 17.2 In the event of termination of this Agreement, IOM will only pay for the Services completed in accordance with this Agreement, unless otherwise agreed in writing by the Parties. The Service Provider shall return to IOM any amounts paid in advance within 7 (seven) days from the notice of termination.
- 17.3 In the event of any termination of the Agreement, upon receipt of notice of termination, the Service Provider shall take immediate steps to bring the performance of any obligations under the Agreement to a close in a prompt and orderly manner, and in doing so, reduce expenses to a minimum, place no further subcontracts or orders for materials, services, or facilities, and terminate all subcontracts or orders to the extent they relate to the portion of the Agreement. Upon termination, the Service Provider shall waive any claims for damages including loss of anticipated profits on account thereof.
- 17.4 In the event of suspension of this Agreement, IOM will specify the scope of activities and/or deliverables that shall be suspended in writing. All other rights and obligations of this Agreement shall remain applicable during the period of suspension. IOM will notify the Service Provider in writing when the suspension is lifted and may modify the completion date. The Service Provider shall not be entitled to claim or receive any Service Fee or costs incurred during the period of suspension of this Agreement.

18. Severability

If any part of this Agreement is found to be invalid or unenforceable, that part will be severed from this Agreement and the remainder of the Agreement shall remain in full force.

19. Entire Agreement

This Agreement embodies the entire agreement between the Parties and supersedes all prior agreements and understandings, if any, relating to the subject matter of this Agreement.

20. Final Clauses

20.1 This Agreement will enter into force upon signature by both Parties. It will remain in force until completion of all obligations of the Parties under this Agreement unless terminated earlier in accordance with Article 17.

20.2 Amendments may be made by mutual agreement in writing between the Parties.
