3. Clarifications Received via email from the bidders:

SL	Clarification	Response
1	As we are unable to meet your delivery deadline of Three months, we will not be submitting our offer and we thank you for	We expect that the bidder will deliver the ambulance within 90 days after signing the contract but the lead time can be extended

	the opportunity extended to us in this instance.	for a reasonable period based on the situation.
<b>2</b>	Do you have an engine type preference? I.e. do you prefer a naturally aspirated engine or a turbo diesel engine?	Turbo diesel engine is the requirement to ensure high engine performance
<b>3</b>	We are intending on quoting you with our Hiace standard roof however, we can also quote you with Hiace high roof; see below:  Would you prefer this model over the standard roof?	High roof is the requirement.
<b>4</b>	Crucially, our vehicles are not homologated for use in Maldives. Does IOM have the authorisation to import a EURO 0 model?	Euro 4 is acceptable.
<b>5</b>	We are interested in participating in the subject tender. we have questions: The environmental standard is Europe 6 standard or not?	Euro 4 is acceptable.
<b>6</b>	Could you consider accepting a vehicle with a manual transmission?	Auto transmission is the preference for evaluation. However, quotation can also be submitted for manual transmission. Manual transmission can be considered if there is no offer received for Auto transmission.
