Welcome to the Data Sharing Mechanism!

The Data Sharing Mechanism (DSM) is being created upon the initiative of the governments of Eastern Europe and Central Asia (EECA).

2nd Technical Meeting in Vienna, 7-8 June 2005

The DSM is a tool for collecting and sharing agreed upon migration-related information and data in the region. It also provides documentation on the sources and definitions of data as well as general information about legal and policy issues in each participating State.

This web-site is divided into a restricted part for the participating states and a public part.
